**DECLARATION OF
ADAM M. APTON**

I, Adam M. Apton, hereby declare as follows:

1. I am licensed to practice law in this Court. I am a partner at Levi & Korsinsky, LLP, Lead Counsel for Court-appointed Lead Plaintiff Cyress Jam and additional Plaintiffs Jeremy Villanueva, Tanya Tirado, Luong Du, William E. Zinn, and Raymond H. Quick (collectively, "Plaintiffs") in the above captioned action. I have led the prosecution of this Action since it was filed. I have focused my career on litigating securities class actions and am familiar with all aspects of that practice.

2. The facts contained in this declaration are known personally to me and if called upon to testify as a witness thereto, I could and would competently do so under oath. This declaration is submitted in support of Plaintiffs' Motion for Preliminary Approval of Class Action Settlement (the "Motion"). As explained herein and further in the accompanying Motion, Plaintiffs respectfully request and recommend preliminary approval of the proposed Settlement.

BACKGROUND

3. Levi & Korsinsky is nationally recognized for its expertise in securities litigation. The firm actively follows corporate disclosures and initiates investigations under circumstances that, in their attorneys' opinions, suggest potential wrongdoing or violations of the federal securities laws. That is precisely what happened here. On March 15, 2023, Proterra, Inc. ("Proterra") disclosed that it was in violation of a liquidity clause in its secured convertible notes and its upcoming quarterly report would most likely contain a "going concern" qualification. Although analysts at the time discounted Proterra's warnings, they were mistaken in light of the fact that on August 7, 2023, Proterra announced it had filed for bankruptcy.

4. The stream of negative news from Proterra contradicted positive statements made by its executives at or around the same time. Consequently, Levi & Korsinsky commenced an investigation into potential violations of the federal securities laws. This investigation was preliminary in nature and spanned several weeks but still included a thorough review of Proterra's public statements, filings with the U.S. Securities and Exchange Commission, and analyst reports relating to the company's financing and operations. The investigation also included analysis of Proterra's stock price at various points during relevant times both before and after public statements concerning its financial instability.

5. On July 14, 2023, Plaintiff Jeremy Villaneuva and his attorneys at Levi & Korsinsky filed the initial lawsuit in the above-captioned matter against Proterra. ECF No. 1. The Complaint asserted violations of the Securities Exchange Act of 1934 and SEC Rule 10b-5 occurring between August 2, 2022 and March 15, 2023, inclusive. As such, the lawsuit was subject to the provisions of the Private Securities Litigation Reform Act of 1995 (the "PSLRA"), including the procedures

1 regarding the appointment of a lead plaintiff and the various pleading requirements and standards.

2 6. On September 1, 2023, Plaintiff Tanya Tirado filed a subsequent class-action
3 complaint with her attorneys at Pomerantz LLP. Ms. Tirado's complaint concerned the same subject
4 matter and allegations, but asserted violations under the federal securities laws ranging from August
5 11, 2021 to August 7, 2023, inclusive, to include Proterra's then-recent bankruptcy announcement.

6 7. On September 12, 2023, in accordance with the PSLRA, Levi & Korsinsky and
7 Pomerantz filed timely motions for lead plaintiff on behalf of their respective proposed lead plaintiff
8 clients, Cyress Jam and Luong Do. ECF. Nos. 21, 36.

9 8. On October 23, 2024, following reassignment and consolidation of the two actions
10 (*i.e.*, the *Villanueva* and *Tirado* actions), the Court appointed Mr. Jam as the Lead Plaintiff. ECF
11 No. 57.

12 9. Mr. Jam's attorneys at Levi & Korsinsky along with the aid of Mr. Do's attorneys
13 at Pomerantz continued their investigations following the appointment of lead plaintiff. The purpose
14 of this further investigation was to obtain additional factual support for the alleged securities fraud
15 violations that would then be used to amend the initial complaint. Given the pleading standards for
16 securities fraud violations, additional factual support for the allegations was critical in order to defeat
17 a motion to dismiss.

18 10. Levi & Korsinsky and Pomerantz spent the next three months researching the
19 alleged claims. As explained below, this entailed further review of Proterra's public statements,
20 relevant analyst reports, and bankruptcy filings. It also included consultations with expert on issues
21 pertaining to market efficiency, loss causation, and damages as well as extensive interviews with
22 nearly two dozen former Proterra employees with information relevant to the allegations.

23 11. While their investigation was unfolding, Levi & Korsinsky and Pomerantz also
24 engaged bankruptcy counsel to represent the interests of the Class in Proterra's bankruptcy
25 proceedings. This entailed reviewing and objecting to Proterra's proposed third-party releases that,
26 if allowed, would have effectively precluded any recovery for the Class. These efforts proved
27 successful and, on January 23, 2024, Plaintiffs successfully secured a ruling from the U.S.
28

1 Bankruptcy Court for the District of Delaware requiring Proterra to modify its third-party releases
2 by changing them from “opt-out” to “opt-in,” meaning that Class members would no longer
3 automatically be bound by Proterra’s confirmation plan and consequently would not inadvertently
4 lose their claims against the company and its former officers and directors.

5 12. This ruling in the bankruptcy proceedings was vital in terms of the viability of the
6 Action. Had Plaintiffs not secured the ruling, Class members (as equity holders in Proterra) would
7 have automatically been subject to and bound by third-party releases that would have extinguished
8 their claims unless they affirmatively opted out using an intentionally cumbersome process proposed
9 by Proterra’s bankruptcy counsel. The vast majority of the Class here would not have received notice
10 of the confirmation plan let alone the third-party releases contained therein. Thus, had the
11 confirmation plan been approved as initially proposed, Class members would have inadvertently
12 released their claims and rights to pursue Defendants for their losses thereby eviscerating the Class.
13 By securing the ruling they ultimately obtained, Plaintiffs forced Proterra to automatically exclude
14 equity holders from the third-party releases, thereby eliminating the prejudice that would have
15 ensued and protecting their rights to proceed in this Action.

16 13. On January 30, 2024, Plaintiffs filed their Amended Complaint for Violations of
17 the Federal Securities Laws (the “Amended Complaint”). ECF No. 73. The Amended Complaint
18 asserted the same Exchange Act and Rule 10b-5 violations that were asserted in the Complaint but
19 included a significant amount of additional factual support. This additional factual support was the
20 result of an intensive investigation that had spanned the course of several months. It included the
21 review and analysis of:

- 22 a. public statements made by or on behalf of Proterra prior to, during and after the
23 Class Period, *i.e.*, a period spanning from mid-2021 to late-2023;
- 24 b. Proterra’s quarterly reports, annual reports and press release filings with the SEC,
25 which comprised thousands of pages of corporate financial and operational
26 information;
- 27 c. investment bank analyst reports providing discussions about Proterra’s
28

1 operations and liquidity;

2 d. interviews with former Proterra employees spanning various levels of seniority
3 throughout the company; and

4 e. various public communications by and between investors and Proterra including
5 but not limited to those made within the context of the company's bankruptcy
6 proceedings.

7 14. Plaintiffs' Amended Complaint also asserted claims under the Securities Act of
8 1933 and included additional defendants who were affiliated with the special purpose acquisition
9 company that facilitated Proterra's initial public offering.

10 15. The material obtained by Levi & Korsinsky and Pomerantz in the course of their
11 investigation was expansive. It required many hours to digest, evaluate, and incorporate into the
12 Amended Complaint. The product was a comprehensive complaint that provided a complete factual
13 analysis of all public information available at the time that supported claims of securities fraud. For
14 the benefit of context, Levi & Korsinsky and Pomerantz's investigation yielded an Amended
15 Complaint that was nearly 200 pages long, almost ten times longer than the Complaint initially filed.

16 16. In pertinent part, the Amended Complaint alleged that Proterra's former officers
17 and directors misrepresented the operational and financial health of its core "Transit" segment while
18 at the same time concealing management's plans to prioritize the "Powered" and "Energy" segments
19 instead. Plaintiffs relied on numerous confidential witnesses (*i.e.*, former employees) to support their
20 allegations and included firsthand accounts of named defendants receiving reports of material
21 adverse nonpublic information that contradicted the public statements they were making at that time.

22 17. Following the filing of the Amended Complaint, Plaintiffs and Defendants met and
23 conferred concerning a response, *i.e.*, a motion to dismiss. Through these conversations Plaintiffs
24 decided to amend the pleadings once again to add an additional named plaintiff. This additional
25 named plaintiff allowed Plaintiffs to avoid certain arguments Defendants intended to raise in their
26 motion to dismiss, primarily relating to standing to assert the Securities Act claims. On March 1,
27 2024, Plaintiffs filed the Second Amended Complaint for Violations of the Federal Securities Laws
28

1 (the “Second Amended Complaint”). ECF No. 83.

2 18. On April 5, 2024, Defendants moved to dismiss the Second Amended Complaint.
3 ECF Nos. 93, 94. Defendants’ motions consisted of extensive legal arguments and factual support
4 and required similarly complex and lengthy responses. In total, the briefing on the motions to
5 dismiss exceeded well over 500 pages.

6 19. On July 17, 2024, with Defendants’ motions fully briefed and scheduled for oral
7 argument on July 30, 2024, the Parties submitted a stipulation requesting that the hearing be vacated
8 and the motions held in abeyance pending an attempt at private mediation.

9 20. The Parties selected Mr. David Murphy, Esq., as their mediator. Mr. Murphy is a
10 well-respected mediator with substantial experience in the field of securities litigation. Plaintiffs’
11 counsel and defense counsel alike routinely use his services to mediate difficult cases. Mr. Murphy
12 requires detailed briefing in advance of any mediation and this case was no exception.

13 21. The Parties scheduled a full day session with Mr. Murphy for September 26, 2024.
14 In advance of the mediation, the Parties submitted detailed briefing in support of their respective
15 positions. Although the mediation session did not result in a settlement on September 26, 2024, Mr.
16 Murphy continued negotiations over the following days and weeks.

17 22. On October 31, 2024, following further extensive settlement negotiations, Mr.
18 Murphy issued a “mediator’s recommendation” on a double-blind basis to settle the matter for
19 \$29,000,000. On November 4, 2024, Mr. Murphy confirmed that all Parties agreed to his
20 recommendation.

21 23. On November 15, 2024, Plaintiffs and Defendants signed a confidential Settlement
22 Term Sheet specifying the key terms of the proposed settlement. Shortly afterwards, on November
23 19, 2024, Plaintiffs notified the Court that the parties had reached a tentative settlement and advised
24 that they would be able to file a motion for preliminary approval no later than December 30, 2024.
25 ECF No. 110. The Parties’ ability to meet that deadline was slightly delayed due to the holidays and,
26 on December 30, 2024, Plaintiffs asked for an additional week to file the necessary settlement
27 paperwork. ECF No. 112.

THE SETTLEMENT

24. The Stipulation contains the full terms of the Settlement. Plaintiffs and Defendants have also negotiated a separate Supplemental Agreement that allows Defendants to terminate the Settlement at their discretion if a certain portion of the Settlement Class requests to be excluded from the Settlement.

25. The Settlement provides for a cash payment by or on behalf of Defendants of \$29,000,000. In exchange for this payment, Plaintiffs will provide to Defendants a full release of all claims related to this action.

26. The amount of the recovery supports the conclusion that the Settlement is fair, reasonable, and adequate. This is primarily because Plaintiffs' theory of liability presented unique risks that, even if overcome, were far from guaranteed to be successful in light of Proterra's precarious financial situation, the nature of Defendants' public disclosures, and the particular manner in which Proterra's stock price reacted to Defendants' public disclosures.

27. The Settlement amount of \$29,000,000 provides an excellent recovery for the Class. This Settlement recovery represents approximately 19.3% of the likely recoverable damages that Class Counsel, in consultation with their damages expert, estimated would be available if Plaintiffs prevailed on their claims at trial (*i.e.*, approximately \$150 million). I consider this an excellent recovery for members of the Class, especially given the risks Plaintiffs faced if the litigation would have continued (as discussed below).

28. The percentage recovery also vastly exceeds by several multiples the 2.9% median settlement value for similarly sized securities class actions over the past decade. *See* NERA, Recent Trends in Securities Class Action Litigation: 2023 Full-Year Review, p. 25 (Jan. 23, 2024). NERA is a leading economics consulting firm. Every year it publishes a report on class action settlements in securities fraud lawsuits. Most recently, NERA reported that the median settlement as a percentage of total class-wide damages in securities fraud cases with damages ranging from \$100 million to \$199 million over the past 10 years was 2.9%. Plaintiffs estimated class-wide damages in this case to be between \$91.7 million and \$320.1 million with approximately \$150 million being the

1 most likely outcome in the event of a successful verdict. Thus, the Settlement’s 19.3% recovery
2 greatly exceeds the range of reasonableness in class action settlements of this nature, which by
3 definition always include estimated percentages greater and lesser than some generically imputed
4 “median.” A true and accurate copy of the NERA report is attached hereto as Exhibit 1.

5 29. This percentage of recovery is also in line with acceptable percentages in this
6 Circuit. *See, e.g., In re Splunk Inc. Sec. Litig.*, 2024 WL 923777, at *6 (N.D. Cal. Mar. 4, 2024)
7 (settlement amount “between approximately 5% and 20.5% of the realistic maximum damages” for
8 a securities class action and “fair and reasonable”); *In re Omnivision Techs., Inc.*, 559 F. Supp. 2d
9 1036, 1042 (N.D. Cal. 2008) (approving settlement representing “just over 9% of the maximum
10 potential recovery asserted by either party,” which was “higher than the median percentage of
11 investor losses recovered in recent shareholder class action settlements”).

12 30. Given the substantial risks and delay of continued litigation, the immediate and
13 certain benefit of the \$29,000,000 Settlement is fair, reasonable, and adequate. These risks included
14 *inter alia* the possibility that a jury would have found Defendants not liable because they did not act
15 with intent, *i.e.*, scienter. To establish liability under the Exchange Act, Plaintiffs needed to prove
16 that Defendants acted with an intent to defraud or were deliberately reckless concerning the risk of
17 misleading shareholders. Given the facts alleged, Defendants would have argued throughout the
18 litigation that Proterra’s bankruptcy was the result of unfortunate economic events and/or potential
19 mismanagement but not fraud. Mismanagement is not enough to establish liability under the federal
20 securities laws. Thus, had Defendants effectively demonstrated they were trying their best but it just
21 was not good enough to overcome, for example, rising supply costs or punitive customer contract
22 provisions, a jury could have found in favor of Defendants.

23 31. Relatedly, to prove fraud instead of mismanagement, Plaintiffs would have needed
24 to effectively disprove the legitimacy of certain strategies and management actions. This would have
25 been extremely difficult and expensive to do because it would have necessitated second-guessing
26 management’s actions with the benefit of hindsight and the support of industry experts. Defendants
27 could have easily rebutted these arguments by explaining the deadlines they faced and testifying
28

1 that they always intended to produce positive results for their customers, creditors, and shareholders.
2 Moreover, whether characterized as fraud or mismanagement, Plaintiffs recognized that it would be
3 difficult to prove that each of the conditions revealed towards the end of the Class Period existed at
4 the time that Defendants issued the Proxy/Registration Statement that formed the basis of Section
5 11 claims two years earlier.

6 32. Defendants also did not engage in any significant insider trading. In securities fraud
7 cases, defendants often rely on this point to demonstrate an absence of fraudulent intent and/or lack
8 of motive to engage in fraudulent conduct. The absence of any individualized pecuniary benefit
9 might have been accepted by the jury as a sign of Defendants' supposed good intent. Plaintiffs would
10 have had to somehow counter or undermine this testimony by explaining why Defendants engaged
11 in fraud even though they did not stand to benefit from it. A jury could have or could not have
12 accepted either side's testimony, thereby creating a significant trial risk.

13 33. Plaintiffs faced additional risks relating to the elements of loss causation and
14 damages. Specifically, the federal securities laws allow shareholders to recovery only those damages
15 that are caused by the alleged misconduct. Those damages are often measured by the decline in a
16 stock price following the announcement of materially adverse nonpublic information. Thus, in this
17 case, Plaintiffs needed to demonstrate that the decline in Proterra's stock price following the
18 corrective disclosures in March and August of 2023 were causally related to the alleged fraud.
19 Defendants would have argued at trial that the declines that followed the corrective disclosures were
20 either not related to the alleged fraud or only partially related, thereby decreasing the amount of
21 recoverable damages. For example, although Proterra's stock price declined significantly following
22 Proterra's bankruptcy announcement, Defendants would have argued that the bankruptcy was
23 caused by a business condition unrelated to the alleged misrepresentations concerning the "Transit"
24 division or its strategy to prioritize the "Powered" and "Energy" segments. If this argument would
25 have been successful, then Plaintiffs would not have been able to recovery any damages associated
26 with the August 2023 decline in Proterra's stock price.

1 materialization of the risks created by Defendants' fraudulent conduct.

2 38. The Plan of Allocation provides class members with a recognized loss equal to the
3 difference between their purchase prices and the market trading prices following each of these days,
4 assuming they held shares on the days in question. Each class member will then receive a
5 distribution from the Settlement Fund equal to his or her pro rata share of the total recognized losses
6 from all class members. The full terms of the Plan of Allocation are contained in the Notice.

7 39. The payment to Class Members will (if the Settlement is approved) return
8 compensation to shareholders that have been damaged. This is a fair, reasonable, and adequate result
9 for the Class and represents the best possible outcome shareholders could attain in this otherwise
10 unfortunate situation. Plaintiffs also support the Settlement and believe that it should be approved.

11 40. Lead Counsel intends to seek a benchmark award of attorneys' fees in an amount
12 equal to 25% of the Settlement Fund (\$7,250,000). This amount is intended to compensate Lead
13 Counsel for their attorneys' fees and the risk that Lead Counsel accepted when we initially accepted
14 this case on a contingency basis. This percentage comports with Ninth Circuit precedent on this
15 issue.

16 41. Lead Counsel also intends to request reimbursement for our out-of-pocket expenses
17 up to \$275,000 which include court filing fees, legal research fees, expert fees, mediation fees, and
18 other customarily reimbursed expenses.

19 42. When Lead Counsel files its motion for an award of attorneys' fees and
20 reimbursement of expenses, the motion will be supported by supplemental information from Lead
21 Counsel. This supplemental information will include time and expense information, including a
22 description of the work performed by Lead Counsel, the hours expended by Lead Counsel, and the
23 hourly rates typically billed by Lead Counsel. It will also include a detailed description of the
24 expenses incurred during the course of the litigation.

PROCEDURAL GUIDANCE FOR CLASS ACTION SETTLEMENTS

43. This Court requires adherence to the Norther District of California's Procedural Guidance for Class Action Settlements. To the extent not already addressed above, the following paragraphs provides the additional information required by the Procedural Guidance.

44. Information about the Settlement. The settlement class mirrors the class, as defined, in the Second Amended Complaint (which is the operative complaint). The proposed releases also mirror the claims and allegations asserted in the Second Amended Complaint. As defined in the Stipulation, Plaintiffs will release only those claims that were asserted in the Second Amended Complaint or could have been asserted based on the allegations in the Second Amended Complaint. *See* Stipulation, Section I.AA. In exchange for the release, the Class is receiving \$29,000,000, which is fair, reasonable and adequate for the reasons stated above. *See* ¶¶27-34, *supra*. The release will not interfere with any other pending actions. The Settlement is also non-reversionary. *See* Stipulation, Section VIII.N.

45. The proposed Plan of Allocation is described above. *See* ¶¶36-37, *supra*. Based on experience, approximately 15% to 20% of those who receive notice will submit a claims form. For example, in *Martin, et al. v. Altisource Residential Corp., et al.*, No. 1:15-CV-00024 (D.V.I.), a case selected because it was also a securities fraud class action settlement administered by A.B. Data, and because Lead Counsel was involved in that action, 34,373 potential class members were mailed notice, summary notice was published and electronic notice was also provided in a plan of notice similar to that proposed here. Ultimately, 6,746 claims were submitted, representing a claim response rate of approximately 19.6%. Of the submitted claims, 2,404 were determined to be valid and the remainder invalid either because the purchases were outside the class period, had no recognized loss, or had uncured deficiencies. Similarly, in *Padilla v. Community Health Services, Inc.*, No. 3:19-cv-00461 (M.D. Tenn.), a case selected because it was also a securities fraud class action settlement administered by A.B. Data, and because Pomerantz was involved in that action, 35,465 potential class members were mailed or emailed notice, summary notice was published and electronic notice was also provided in a plan of notice similar to that proposed here.

1 Ultimately, 5,495 claims were submitted, representing a claim response rate of approximately
2 15.5%. Of the submitted claims, 2,374 were determined to be valid and the remainder invalid
3 either because the purchases were outside of the class period or they had no recognized loss. These
4 are appropriate examples, but the actual rate can vary widely. This method of calculating a claim
5 response rate is conservative because notices are sent broadly to potential Class Members, whose
6 class membership can only be subsequently confirmed in the claims process based on the
7 transactions they submit. Due to intentionally broad noticing, the response rate in a securities class
8 action is not directly comparable to the claims rate in consumer class actions where class members
9 can be identified prior to issuance of notice.

10 46. Settlement Administration. Before selecting A.B. Data as the proposed Claims
11 Administrator, the undersigned obtained proposals from two other well-known administrators.
12 These proposals were obtained vis-à-vis a request for proposal that contained a set of requirements
13 and uniform assumptions to be used when providing estimates. These assumptions included
14 estimates for the number of postcard notices to be mailed and claims to be received. By
15 standardizing these assumptions, counsel was able to effectively compare the proposals from all
16 three administrators on an apples-to-apples basis. The request for proposal also required additional
17 terms for the administration, such as the implementation and maintenance of the settlement
18 website, telephone line, and a firm date for the completion of the claims review process.

19 47. Plaintiffs selected A.B. Data based on its (1) competency and skill in administering
20 a complex class action settlement, (2) their agreement to maintain costs within a reasonable range;
21 and (3) their history of performance in past cases. In the last two years, A.B. Data has served or is
22 currently serving as settlement administrator in eleven cases in which Levi & Korsinsky, LLP
23 served as Lead Counsel or co-Lead Counsel. In all of these cases, counsel selected A.B. Data after
24 a competitive bidding process. These cases are listed below:

- 25 • *In re Grab Holdings Limited Securities Litigation*, No. 1:22-cv-02189-VM (S.D.N.Y.)
- 26 • *In re QuantumScape Securities Class Action Litigation*, No. 3:21-CV-00058-WHO (N.D.
27 Cal.)

- *Kirkland v. WideOpenWest, Inc.*, Index No. 653248/2018 (Supreme Court of the State of NY, County of New York, Commercial Division)

48. In addition, A.B. Data has served as settlement administrator in nine cases in which Pomerantz served as Lead Counsel or co-Lead Counsel. I understand that A.B. Data was selected in a competitive bidding process for each of these cases:

- *Shafer, et al. v. Global Payments Inc., et al.*, No. 1:23-cv-00577-LMM (N.D. Ga.)
- *Padilla v. Community Health Systems, Inc. et al.*, No. 3:19-cv-00461 (M.D. Tenn.)
- *Busic, et al. v. Orphazyme A/S, et al.*, No. 3:21-cv-03640-GSF (N.D. Ill.)

- *Karimi v. Deutsche Bank Aktiengesellschaft, et al.*, No. 22-cv-02854-JSR (S.D.N.Y.)
- *Solomon, et al. v. Sprint Corporation, et al.*, No. 19-cv-05272-MKV (S.D.N.Y.)

49. Based on Class Counsel's past dealings with A.B. Data, we are confident that it will be able to effectively and efficiently handle the administration of this Settlement, if approved. Total administration costs are estimated to be less than the \$300,000 presently authorized in the Stipulation. *See* Stipulation, Section IV.B. Additional information about A.B. Data, including its past administrations, data security practices, and intended procedures for administering the Settlement, are contained in the accompanying Declaration of Eric Schacter.

50. Notice. Counsel drafted the notice to be as simple as possible while at the same time containing all the necessary details and information. The longform Notice which will be available on the Settlement website contains the information listed in the Procedural Guidelines, including contact information for Class Counsel (Stipulation, Exhibit A-1, p. 3), settlement website information (*id.* at p. 4), instructions on how to access the case docket (*id.* at p. 13), the date and time of the Settlement Hearing (*id.* at p. 4), and a note advising Class Members that the Settlement Hearing date is subject to change (*id.* at p. 12).

51. Class Members will receive the best notice practicable. As explained in the accompanying Declaration of Eric Schachter, electronic notice will be disseminated to all major brokerage houses. This electronic notice will be sent to individual Class Members who held Proterra stock and therefore may be members of the Class. In addition, the Postcard Notice will be sent to potential Class Members directing individuals to obtain more information on the Settlement website and to complete claim forms.

52. Opt-Outs. All notice forms (*i.e.*, the Postcard Notice, Longform Notice, and Summary Notice) will contain the deadline for opting out of the Settlement. Class Members who wish to exclude themselves from the Settlement must submit a written request for exclusion stating (i) the name, address, and telephone number of the person or entity requesting exclusion; (ii) the number of shares of Proterra (including predecessor ArcLight Clean Transition Corp. stock) common stock purchased, acquired, and/or sold during the Class Period, as well as the dates and prices of each such purchase, acquisition, and sale; and (iii) be signed by the person or entity

1 requesting exclusion or an authorized representative. *See* Stipulation, Exhibit A-1, p. 10. This
2 information is necessary to ascertain whether the requesting party was or was not a Class Member.

3 53. Objections. All notice forms (*i.e.*, the Postcard Notice, Longform Notice, and
4 Summary Notice) will contain the deadline for objecting to the Settlement. Class Members who
5 wish to object to the Settlement must submit a written objection stating: (i) the case name and
6 number; (ii) the name, address, and telephone number of the person or entity objecting; (iii) the
7 number of shares of Proterra (including predecessor ArcLight Clean Transition Corp. stock)
8 common stock purchased, acquired, and/or sold during the Class Period, as well as the dates and
9 prices of each such purchase, acquisition, and sale; (iv) be signed by the person or entity objecting
10 or an authorized representative; and (v) be submitted to the Court either by filing them
11 electronically or in person at any location. The Notice also makes clear that the objection cannot
12 ask the Court to order a different settlement; instead, the objection can only ask the Court to deny
13 the Settlement. *See* Stipulation, Exhibit A-1, p. 11.

14 54. Attorneys' Fees and Costs. Counsel intends to seek an attorneys' fee award not to
15 exceed 25% of the Settlement Amount. This is the "benchmark" for attorneys' fee awards in this
16 circuit. *See Paul, Johnson, Alston & Hunt v. Gaulty*, 886 F.2d 268, 272 (9th Cir. 1989) (discussing
17 benchmark). Where, as here, "a settlement produces a common fund for the benefit of the entire
18 class," the Ninth Circuit permits courts to "calculate 25% of the fund as the benchmark for a
19 reasonable fee award, providing adequate explanation in the record for any special circumstances
20 justifying a departure." *In re Bluetooth Headset Prod. Liab. Litig.*, 654 F.3d 935, 946 (9th Cir.
21 2011 (internal quotation marks omitted).

22 55. This amount is in line with counsel's "lodestar," or the hours expended on the
23 settled claims by each attorney and professional, multiplied by their respective hourly rates. A
24 lodestar analysis will be submitted with final approval consistent with this District's Procedural
25 Guidance for Class Action Settlements. The full lodestar analysis is estimated to show a lodestar
26 of approximately \$2.5 million, representing thousands of hours of work and resulting in a
27 multiplier of less than 3x. That lodestar multiplier is well within the range regularly approved in
28

1 this Circuit. *See, e.g., In re Alphabet, Inc. Sec. Litig.*, No. 18-CV-06245-TLT, 2024 U.S. Dist.
2 LEXIS 181673, at *22-23 (N.D. Cal. Sep. 30, 2024) (finding multiplier of 4.58 to be
3 “reasonable”); *Vizcaino v. Microsoft Corp.*, 290 F.3d 1043, 1051 & n.6 (9th Cir. 2002) (affirming
4 a 3.65 multiplier and noting that multipliers from 1.00 to 4.00 were commonly approved).

5 56. Importantly, the multiplier awarded will decline modestly over time. Once final
6 approval is granted, counsel’s work continues during the administration of the Settlement and
7 distribution process. This work will include overseeing the claims administrator, reviewing the
8 legitimacy of claims, confirming the accuracy of distribution amounts, and administering the
9 Settlement Fund with the escrow agent. Thus, lodestar will continue to increase thereby decreasing
10 the final multiplier.

11 57. In addition, counsel plans to seek litigation expenses of not more than \$275,000.
12 These expenses are for mediator fees, investigator fees, expert fees and other expenses of the types
13 commonly charged to clients in a non-contingency case, and in amounts commonly approved in
14 this District. *See, e.g., In re Lyft Inc. Sec. Litig.*, 2023 WL 5068504, at *13 (N.D. Cal. Aug. 7,
15 2023) (approving litigation expenses of \$498,683.75 from settlement amount of \$25,000,000);
16 *Hessefort v. Super Micro Computer, Inc.*, 2023 WL 7185778, at *11 (N.D. Cal. May 5, 2023)
17 (approving litigation expenses of \$304,937.06 from settlement amount of \$18,000,000). The
18 notices currently contain counsel’s intent to seek reimbursement of these expenses.

19 58. Service Awards. Pursuant to the PSLRA (15 U.S.C. §§ 77z-1(a)(4) and 78u-
20 4(a)(4)), and as disclosed in the Notice, counsel will seek an award on behalf of the representative
21 Plaintiffs to recover unreimbursed costs (including the cost of time spent) for the work they
22 performed on behalf of the Settlement Class. Among the tasks Plaintiffs have performed in
23 executing their duties and responsibilities as representatives in this Action include: (i) reviewing
24 the original complaint, the first amended complaint, and the second amended complaint, and
25 providing feedback regarding the drafting of these documents, and investigating the allegations
26 set forth therein, as well as investigating ArcLight and/or Proterra; (ii) interfacing with counsel
27 regarding case strategy, including regularly communicating with counsel via phone and email;
28

(iii) gathering trading activity in ArcLight and/or Proterra stock; (iv) reviewing Defendants' papers in support of their attempts to dismiss the complaint; (v) reviewing Plaintiffs' response in opposition, and reviewing Defendants' replies in further support; (vi) gathering case-related documents as requested by Counsel; (vii) discussing mediation strategy with Counsel; (viii) discussing settlement authority, settlement negotiations, and the settlement with Counsel; (ix) evaluating with Counsel various settlement offers, including the mediator's proposal leading to the Settlement; and (x) reviewing the motion for preliminary approval and supporting papers. *See, e.g., Declaration of Lead Plaintiff Cyress Jam, ¶3.*

59. The proposed service awards in this case will range between \$10,000 for Lead Plaintiff Cyress Jam and \$5,000 for the additional named plaintiffs. In support of the request, Plaintiffs will submit declarations confirming the work they performed in connection with their representative roles.

60. Cy Pres Awardees. Class Counsel do not anticipate requesting that the Court approve a *cy pres* distribution. Instead, Class Counsel anticipate that the Net Settlement Fund will be distributed to valid Claimants, and redistributed as feasible. Should any minimal amount remain after further redistributions become infeasible, Class Counsel will propose a *cy pres* recipient. One possible recipient would be the Securities Investor Protection Corporation ("SIPC"). The SIPC is a non-profit corporation dedicated to investor protection. It provides educational information to market participants and sponsors recovery efforts. The corporation has been in existence for approximately 50 years. More information about SIPC is available at www.sipc.org.

61. Timeline. The proposed timeline for settlement notice, objection, exclusion, and approval coincides with the Procedural Guidelines. In pertinent part, Class Members will have thirty-five (35) days to object to the Settlement or request that they be excluded from it. This is achieved by requiring final approval motion papers to be filed no later than sixty-three (63) days prior to the Settlement Hearing and allowing Class Members to object or opt-out no later than twenty-eight (28) days prior to the Settlement Hearing. *See Exhibit A, ¶¶18, 22, 25.*

62. Class Action Fairness Act. The Stipulation presently addresses CAFA requirements and responsibility for it. Pursuant to Section XIII.E., Defendants are responsible for the CAFA notice in all respects.

This year's edition builds on work carried out over more than three decades by many of NERA's securities and finance experts. Although space does not permit us to present all the analyses the authors have undertaken while working on this year's edition or to provide details on the statistical analysis of settlement amounts, we hope you will contact us if you want to learn more about our research or our work in securities litigations. On behalf of NERA's securities and finance experts, I thank you for taking the time to review this year's report and hope you find it informative.

INTRODUCTION

There were 228 new federal securities class action suits filed in 2023, ending a four-year decline in filings seen from 2019 to 2022. The increase in filings was mainly driven by an increase in the number of suits alleging Rule 10b-5 violations. Fueled by turmoil in the banking industry, filings in the finance sector more than doubled in 2023, comprising 18% of new filings. The number of filings related to the environment quadrupled in 2023 compared to 2022.

For the sixth consecutive year, there was a decline in the number of resolutions. There were 190 cases resolved in 2023, consisting of 90 settlements and 100 dismissals, marking the lowest recorded level of resolutions in the last 10 years. More than half of the decline in resolutions was driven by a decrease in the number of settled cases with Rule 10b-5, Section 11, and/or Section 12 claims.

Aggregate settlements totaled \$3.9 billion in 2023, with the top 10 settlements of the year accounting for over 66% of this amount. Aggregate plaintiffs' attorneys' fees and expenses totaled \$972 million, accounting for 24.9% of the 2023 aggregate settlement value. The average settlement value increased by 17% in 2023 to \$46 million, though this was largely driven by the presence of a \$1 billion settlement. The median settlement value for 2023 was \$14 million, a nominal 7% increase from the inflation-adjusted median settlement value in 2022.

TRENDS IN FILINGS

From 2019 to 2022, there was a decline in the number of federal filings. In 2023, there were 228 new cases filed, an increase from the 206 cases filed in 2022 (see Figure 1).² Standard cases, which contain alleged violations of Rule 10b-5, Section 11, and/or Section 12, accounted for most new filings with 206.³ In particular, filings involving only Rule 10-5 claims increased by 34% from 137 in 2022 to 184 in 2023. On the other hand, there were only seven merger-objection suits filed in 2023, marking a 10-year low. There was also a decline in filings involving crypto unregistered securities, dropping to 11 in 2023 from the 16 observed in 2022.⁴ See Figure 2.

Figure 2. **Federal Filings by Type**
January 2014–December 2023

Excluding merger-objection and crypto unregistered securities cases, the electronic technology and technology services sector accounted for 22% of new filings, the largest proportion of any sector. After hitting a five-year low in 2022, there was a resurgence in filings in the finance sector in 2023, accounting for 18% of new filings. This is more than double the percentage in 2022 and was partly due to the banking crisis in early 2023. On the other hand, the percentage of suits in the health technology and services sector declined from 27% in 2022 to 19% in 2023, partially driven by a decline in COVID-19-related suits. See Figure 3.

January 2019–December 2023

Note: This analysis is based on the FactSet Research Systems, Inc. economic sector classification. Some of the FactSet economic sectors are combined for presentation.

The Second, Third, and Ninth Circuits continue to be the jurisdictions with the most cases filed, together accounting for 155 of the 210 non-merger-objections, non-crypto unregistered securities filings. The Ninth Circuit witnessed 66 new filings, marking a 22% increase from 2022. The number of filings in the Second Circuit declined by 24% to 54, marking a five-year low. The Third Circuit accounted for 35 filings, more than double the number of cases in 2022. Elsewhere, there were 14 cases filed in the Eleventh Circuit, marking a five-year high. See Figure 4.

Figure 4. **Federal Filings by Circuit and Year**

Excludes Merger Objections and Crypto Unregistered Securities
January 2019–December 2023

Among filings of standard cases, 31% included an allegation related to missed earnings guidance and 29% included an allegation related to misled future performance.⁵ Meanwhile, the percentage of standard cases containing an allegation related to merger-integration issues declined by one-third to 11%, partially driven by a decline in SPAC-related filings. See Figure 5.

FILINGS AGAINST FOREIGN COMPANIES

Historically, foreign companies with securities listed on US exchanges have been targeted with securities class action suits at a higher rate than their proportion of US listings, though this trend has reversed over the past two years.⁶ In 2023, 18.9% of filings of standard cases were against foreign companies, compared to 24.1% of US listings represented by foreign companies. See Figure 6.

In 2023, there were 39 standard suits filed against foreign companies, a slight increase from 2022 (see Figure 7). Suits against companies in Asia accounted for 19 filings, while another 14 filings were against European companies. Nearly 36% of cases involving foreign companies had an allegation related to regulatory issues, compared to 23% for US companies. See Figure 8.

EVENT-DRIVEN AND OTHER SPECIAL CASES

In this section, we summarize trends in filings in potential development areas that we have identified for securities class actions over the past five years (see Figures 9 and 10). Due to the small number of cases in some categories, the findings summarized here may be driven by one or two cases.

Crypto Cases

Since 2020, there have been at least 10 crypto-related federal filings each year, comprised of cases involving unregistered securities and shareholder suits involving companies operating in or adjacent to the cryptocurrency sector. In 2023, there were 16 crypto-related federal filings, a 28% decline from the 26 filings observed in 2022.

Figure 9. **Number of Crypto Federal Filings**
January 2016–December 2023

2023 Banking Turmoil

The first securities class action suit alleging problems in the banking industry was filed on 7 December 2022 against bank holding company Silvergate Capital Corporation, which provided a banking platform through its subsidiary, Silvergate Bank.⁷ Silvergate Bank's voluntary liquidation on 8 March 2023 started a rapid chain of bank failures that intensified during the spring, which saw the collapse of Silicon Valley Bank, Signature Bank, and First Republic Bank,⁸ and continued through 3 November 2023, when Citizens Bank of Sac City was closed by the Iowa Division of Banking.⁹ Between December 2022 and October 2023, there were 12 securities class action suits filed against banking institutions. Of those, 11 cases were filed in 2023, representing nearly 30% of all filings in the finance sector. Four of the 11 cases were filed against Credit Suisse Group AG, after Credit Suisse, the second-largest bank in Switzerland, collapsed in March 2023 and was bought by rival UBS Group AG.

Environment

In recent years, there has been an increased focus by governments and regulators on issues related to the environment, fossil fuel emissions, quality of drinking water, and climate change. During the past five years, there have been 20 environment-related securities class action suits filed. Eight of these cases were filed in 2023, quadruple the number from the two cases filed in 2022. Among the cases filed in 2023 include a suit against Hawaiian Electric Industries, Inc. in connection with wildfires in Hawaii, two cases related to train derailments with severe environmental consequences against Norfolk Southern Corporation, and three cases involving telecommunication companies AT&T, Verizon Communications, and Lumen Technologies for ownership of thousands of miles of lead-covered cables.

Cannabis

In 2019, there were 13 securities class action suits filed against defendants in the cannabis industry. The number of filings has declined in subsequent years, with only one suit filed per year in each of 2022 and 2023.

Money Laundering

In each of 2019 and 2020, three cases were filed with claims related to money laundering. In 2021, there were no such cases filed, while in 2022 and 2023, only one such suit was filed in each year.

Cybersecurity and Customer Privacy Breach

Since 2019, there have been at least three securities class action suits filed each year related to a cybersecurity and/or customer privacy breach. While there were seven such filings in 2021, there were only three filings in 2023.

COVID-19

Since March 2020, there have been 85 securities class actions filed with claims related to the COVID-19 pandemic. Of these, 33 cases were filed in 2020. In 2021 and 2022, the number of suits declined to 20 each year, while in 2023, there were only 12 such filings.

SPAC

Filings related to special purpose acquisition companies (SPACs) peaked in 2021 with 31 securities class action suits filed that year. Since then, new federal filings related to SPACs have declined each year to 24 in 2022 and 14 in 2023.

Figure 10. Event-Driven and Other Special Cases by Filing Year
January 2019–December 2023

TRENDS IN RESOLUTIONS

In 2023, the number of resolved cases declined by 15% to 190 from 223 in 2022, continuing a six-year decline in resolutions seen since 2018 and marking the lowest recorded level of resolutions in the last 10 years. Of these resolved cases, 90 were settlements and 100 were dismissals.¹⁰ While resolutions declined across all categories of cases, more than half of this decline was due to

a reduction in the number of settled standard cases, which had a record-setting year in 2022. The number of merger-objection cases resolved declined to nine in 2023, consistent with the reduced number of filings of such cases in recent years. See Figure 11.

Since 2015, more cases filed have been dismissed than settled. This is consistent with historical trends, which indicate that dismissals tend to occur earlier in the litigation cycle and settlements occur later (see Figure 12). For cases filed in 2023, 5% of cases have been dismissed while 95% remain pending as of December 2023.

For cases filed and resolved over the past 20 years, over two-thirds were resolved within three years of the filing of the first complaint, while 16% of cases take longer than four years to resolve (see Figure 13). The median time to resolution is 2.1 years.

The number of resolved cases decreased by 15% to 190 from 223 in 2022, continuing a six-year decline in resolutions seen since 2018 and marking the lowest recorded level of resolutions in the last 10 years.

ANALYSIS OF MOTIONS

NERA's federal securities class action database tracks filing and resolution activity as well as decisions on motions to dismiss, motions for class certification, and the status of any motion as of the resolution date. For this analysis, we include securities class actions that were filed and resolved over the 2014–2023 period in which purchasers of common stock are part of the class and in which a violation of Rule 10b-5, Section 11, and/or Section 12 is alleged.

Motion to Dismiss

A motion to dismiss was filed in 96% of the securities class action suits filed and resolved. A decision was reached in 74% of these cases, while 17% were voluntarily dismissed by plaintiffs, 8% settled before a court decision was reached, and 1% of motions were withdrawn by defendants. Among the cases in which a decision was reached, 60% of motions were granted (with or without prejudice) while 40% were denied either in part or in full. See Figure 14.

Figure 14. **Filing and Resolutions of Motions to Dismiss**
Cases Filed and Resolved January 2014–December 2023

Motion for Class Certification

A motion for class certification was filed in only 18% of the securities class action suits filed and resolved, as most cases are either dismissed or settled before the class certification stage is reached. A decision was reached in 60% of the cases in which a motion for class certification was filed, while nearly all remaining 40% of cases were resolved with a settlement. Among the cases in which a decision was reached, the motion for class certification was granted (with or without prejudice) in 86% of cases. See Figure 15.

Approximately 64% of decisions on motions for class certification occur within three years of the filing of the first complaint, with nearly all decisions occurring within five years (see Figure 16). The median time is about 2.7 years.

Cases Filed and Resolved January 2014–December 2023

TRENDS IN SETTLEMENT VALUES¹¹

Aggregate settlements for 2023 totaled \$3.9 billion, which marks a slight decline from the inflation-adjusted total of \$4.2 billion from 2022.¹² In 2023, the average settlement value was approximately \$46 million, a 17% increase over the 2022 inflation-adjusted average settlement value of \$39 million and the second consecutive year that this value has increased (see Figure 17). The increase in the average settlement value is largely driven by a \$1 billion settlement by Wells Fargo & Company.¹³

Figure 17. **Average Settlement Value**

January 2014–December 2023

When excluding settlements of \$1 billion or higher, the average settlement value was \$34 million, a decrease of 12% from the \$39 million inflation-adjusted amount in 2022 (see Figure 18). The median settlement value was \$14.4 million, which is a slight increase from the \$13.5 million inflation-adjusted value seen in 2022 (see Figure 19). Aside from a decrease in the percentage of settlements between \$10 and \$19.9 million and a roughly similar increase in the percentage of settlements between \$20 to \$49.9 million in 2023, the distribution of settlement values in 2023 looks similar to that of 2022 (see Figure 20).

TOP SETTLEMENTS

The 10 largest settlements in 2023 ranged from \$90 million to \$1 billion and together accounted for over 66% of the \$3.9 billion aggregate settlement amount reached in 2023. Wells Fargo & Company appears twice on this list, taking the top spot in a \$1 billion settlement in a case involving misrepresentations regarding its progress in overhauling its internal controls¹⁴ as well as the third-highest spot in a \$300 million settlement in a matter involving allegations of misconduct in its auto insurance practices.¹⁵ The Second, Seventh, and Ninth circuits accounted for nine of the top 10 settlements.

NERA-DEFINED INVESTOR LOSSES

To estimate the potential aggregate loss to investors as a result of investing in the defendant's stock during the alleged class period, NERA has developed a proprietary variable, NERA-Defined Investor Losses, using publicly available data. The NERA-Defined Investor Loss measure is constructed assuming investors had invested in stocks during the class period whose performance was comparable to that of the S&P 500 Index. Over the years, NERA has reviewed and examined more than 2,000 settlements and found, of the variables analyzed, this proprietary variable to be the most powerful predictor of settlement amount.¹⁶

A statistical review reveals that while settlement values and NERA-Defined Investor Losses are highly correlated, the relationship is not linear. The ratio is higher for cases with lower NERA-Defined Investor Losses than for cases with higher Investor Losses. For instance, in cases with less than \$20 million in Investor Losses, the median settlement value comprises 23% of Investor Losses, while in cases with more than \$50 million in Investor Losses, the median settlement value is less than 4% of Investor Losses. See Figure 21.

Since 2014, annual median Investor Losses have ranged from a low of \$358 million to a high of \$984 million. For cases settled in 2023, the median Investor Losses were \$923 million, a 6% decline from 2022 and the second highest recorded value during the 2014–2023 period. Since 2021, the median ratio of settlement amount to Investor Losses has remained stable at 1.8%. See Figure 22.

The median Investor Losses were \$923 million, a 6% decline relative to 2022 and the second highest recorded value during the 2014–2023 period.

Figure 22. Median NERA-Defined Investor Losses and Median Ratio of Settlement to Investor Losses by Settlement Year
January 2014–December 2023

NERA has identified the following key factors as driving settlement amounts:

- NERA-Defined Investor Losses;
- The market capitalization of the issuer immediately after the end of the class period;
- The types of securities (in addition to common stock) alleged to have been affected by the fraud;
- Variables that serve as a proxy for the merit of plaintiffs' allegations (e.g., whether the company has already been sanctioned by a government or regulatory agency or paid a fine in connection with the allegations);
- The stage of litigation at the time of settlement; and
- Whether an institution or public pension fund is named lead plaintiff (see Figure 23).

Among cases settled between January 2012 and December 2023, these factors in NERA's statistical model can explain over 70% of the variation observed in actual settlements.

TRENDS IN PLAINTIFFS' ATTORNEYS' FEES AND EXPENSES

Over the past 10 years, annual aggregate plaintiffs' attorneys' fees and expenses have ranged from a low of \$489 million in 2017 to a high of \$1.6 billion in 2016. In 2023, aggregate plaintiffs' attorneys' fees and expenses totaled \$972 million, a slight decline from the \$1.0 billion seen in 2022 (see Figure 24). Plaintiffs' attorneys' fees and expenses comprised roughly 24.9% of the \$3.9 billion aggregate settlement value in 2023.

A historical analysis of plaintiffs' attorneys' fees and expenses for cases that have settled since the passage of the PSLRA in 1996 reveals that fees and expenses as a percentage of the settlement amount decline as the settlement size increases. For instance, for cases settled during the 2014–2023 period, median percent fees and expenses ranged from 36.1% in settlements of \$5 million or lower to 18.6% in settlements of \$1 billion or higher.

In the past 10 years, median percent attorneys' fees have increased for settlements under \$5 million and for settlements over \$500 million relative to the 1996–2013 period. This increase is more pronounced for settlements of \$1 billion or higher, although this is partly due to this category having only five cases in the post-2013 period (see Figure 25).

CONCLUSION

In 2023, federal filings increased by 11% from 206 in 2022 to 228 in 2023, ending a four-year period of annual declines in filings from 2019 to 2022. Of the 228 cases filed in 2023, 206 were standard cases with alleged violations of Rule 10b-5, Section 11, and/or Section 12, and 18.9% of standard cases were against foreign companies. Filings against companies in the information technology and technology services, health technology and services, and the finance sectors accounted for 59% of non-merger objections, non-crypto unregistered securities filings.

The number of resolved cases declined by 15% from 223 in 2022 to 190 in 2023. There were 90 settlements and 100 dismissals, marking the lowest level of both settlements and dismissals in the last 10 years. Excluding the presence of settlements of \$1 billion or higher, the average settlement value for 2023 was \$34 million and the median settlement value was \$14 million. Aggregate settlements totaled \$3.9 billion in 2023, with aggregate plaintiffs' attorneys' fees and expenses accounting for \$972 million, or 24.9%, of the 2023 aggregate settlement value. Over the last 10 years, the median plaintiffs' attorneys' fees and expenses as a percentage of settlement value has ranged from 18.6% for settlements of \$1 billion or higher to 36.1% for settlements of \$5 million or lower.

NOTES

- 1 This edition of NERA's report on "Recent Trends in Securities Class Action Litigation" expands on previous work by our colleagues Lucy P. Allen, Dr. Vinita Juneja, Dr. Denise Neumann Martin, Dr. Jordan Milev, Robert Patton, Dr. Stephanie Planchich, Janeen McIntosh, and others. The authors thank Dr. David Tabak and Benjamin Seggerson for helpful comments on this edition. We thank Vlad Lee, Daniel Klotz, and other of NERA's securities and finance researchers for their valuable assistance. These individuals receive credit for improving this report; any errors and omissions are those of the authors. NERA's proprietary securities class action database and all analyses reflected in this report are limited to federal case filings and resolutions.
- 2 NERA tracks securities class actions that have been filed in federal courts. Most of these cases allege violations of federal securities laws; others allege violations of common law, including breach of fiduciary duty, as with some merger-objection cases; still others are filed in federal court under foreign or state law. If multiple actions are filed against the same defendant, are related to the same allegations, and are in the same circuit, we treat them as a single filing. The first two actions filed in different circuits are treated as separate filings. If cases filed in different circuits are consolidated, we revise our count to reflect the consolidation. Therefore, case counts for a particular year may change over time. Different assumptions for consolidating filings would probably lead to counts that are similar but may, in certain circumstances, lead observers to draw a different conclusion about short-term trends in filings. Data for this report were collected from multiple sources, including Institutional Shareholder Services, Dow Jones Factiva, Bloomberg Finance, FactSet Research Systems, Nasdaq, Intercontinental Exchange, US Securities and Exchange Commission (SEC) filings, complaints, case dockets, and public press reports. IPO laddering cases are presented only in Figure 1.
- 3 Federal securities class actions that allege violations of Rule 10b-5, Section 11, and/or Section 12 have historically dominated federal securities class action dockets and have often been referred to as "standard" cases. In the analyses of this report, standard cases involve registered securities and do not include cases involving crypto unregistered securities, which will be considered as a separate category.
- 4 In this study, crypto cases consist of two mutually exclusive subgroups: (1) crypto shareholder class actions, which include a class of investors in common stock, American depositary receipts/ American depositary shares (ADR/ADS), and/or other registered securities, along with crypto- or digital-currency-related allegations; and (2) crypto unregistered securities class actions, which do not have class investors in any registered securities that are traded on major exchanges (New York Stock Exchange, Nasdaq). We include crypto shareholder class actions in all our analyses that include standard cases. Crypto unregistered securities class actions are excluded from some analyses, which is noted in the titles of our figures.
- 5 Most securities class action complaints include multiple allegations. For this analysis, all allegations from the complaint are included and thus the total number of allegations exceeds the total number of filings.
- 6 In our analysis, a company is defined as a foreign company based on the location of its principal executive office.

- 10 "Dismissed" is used here as shorthand for all class actions resolved without settlement; it includes cases in which a motion to dismiss was granted (and not appealed or appealed unsuccessfully), voluntary dismissals, cases terminated by a successful motion for summary judgment, or an ultimately unsuccessful motion for class certification.
- 11 Unless otherwise noted, the analyses in this section exclude the 2020 partial settlement involving Valeant Pharmaceuticals.
- 12 For our analysis, NERA includes settlements that have had the first settlement-approval hearing. We do not include partial settlements or tentative settlements that have been announced by plaintiffs and/or defendants. As a result, although we include the 2020 Valeant Pharmaceuticals partial settlement in Table 2 due to its settlement size, this case is not included in any of our resolution, settlement, or attorney fee statistics.
- 13 While annual average settlement values can be a helpful statistic, these values may be affected by one or a few very high settlement amounts. Unlike averages, the median settlement value is unaffected by these very high outlier settlement amounts. To understand what more typical cases look like, we analyze the average and median settlement values for cases with a settlement amount under \$1 billion, thus excluding these outlier settlement amounts. For the analysis of settlement values, we limit our data to non-merger-objection and non-crypto unregistered securities cases with settlements of more than \$0 to the class.

- 16 NERA-Defined Investor Losses is only calculable for cases involving allegations of damages to common stock based on one or more corrective disclosures moving the stock price to its alleged true value. As a result, we have not calculated this metric for cases such as merger objections.

Levi & Korsinsky, LLP is a national law firm with decades of combined experience litigating complex securities, class, and consumer actions in state and federal courts throughout the country. Our main office is located in New York City and we also maintain offices in Connecticut, California, and Washington, D.C.

We represent the interests of aggrieved shareholders in class action and derivative litigation through the vigorous prosecution of corporations that have committed securities fraud and boards of directors who have breached their fiduciary duties. We have served as Lead and Co-Lead Counsel in many precedent-setting litigations, recovered hundreds of millions of dollars for shareholders via securities fraud lawsuits, and obtained fair value, multi-billion dollar settlements in merger transactions.

We also represent clients in high-stakes consumer class actions against some of the largest corporations in America. Our legal team has a long and successful track record of litigating high-stakes, resource-intensive cases and consistently achieving results for our clients.

Our attorneys are highly skilled and experienced in the field of securities class action litigation. They bring a vast breadth of knowledge and skill to the table and, as a result, are frequently appointed Lead Counsel in complex shareholder and consumer litigations in various jurisdictions. We are able to allocate substantial resources to each case, reviewing public documents, interviewing witnesses, and consulting with experts concerning issues particular to each case. Our attorneys are supported by exceptionally qualified professionals including financial experts, investigators, and administrative staff, as well as cutting-edge technology and e-discovery systems. Securities Class Action

Over the last four years, Levi & Korsinsky has been lead, or co-lead counsel in over 50 securities class actions that have resulted in nearly \$200 million in recoveries for investors. The Firm is currently actively litigating as either sole or co-lead counsel securities class actions claiming billions of dollars in damages suffered by injured investors. Since 2020, Levi & Korsinsky has consistently ranked in the Top 10 in terms of number of settlements achieved for shareholders each year, according to reports published by ISS. In Lex Machina's Securities Litigation Report, Levi & Korsinsky ranked as one of the Top 5 Securities Firms for the period from 2018 to 2020. Law360 dubbed the Firm one of the "busiest securities firms" in what is "on track to be one of the busiest years for federal securities litigation" in 2018. Since 2019, Lawdragon Magazine has ranked multiple members of Levi & Korsinsky among the 500 Leading Plaintiff Financial Lawyers in America.

Some of the Firm's recent settlements include:

In **In re U.S. Steel Consolidated Cases**, No. 2:17-579-CB (W.D. Pa.), the Firm obtained a recovery of \$40 million on behalf of a certified class of U.S. Steel investors who sustained damages in connection with false and materially misleading statements about its Carnegie Way initiative. The settlement followed years of hard-fought discovery and class certification litigation.

In two related actions, **In re Nutanix, Inc. Securities Litigation**, No. 3:19-cv-01651-WHO (N.D. Cal.) and **John P. Norton, on Behalf of the Norton Family Living Trust UAD 11/15/2002 v. Nutanix, Inc., et. al.**, No. 3:21-cv-04080-WHO (N.D. Cal.), the Firm achieved a settlement providing for the payment of \$71 million to eligible class members. The case was based on false and misleading misstatements that allegedly concealed from shareholders Nutanix's rapidly declining sales pipeline, revenue, and billings.

As Lead Counsel in **In re Avon Products Inc. Securities Litigation**, No. 1:19-cv-1420-MKV (S.D.N.Y.), the Firm achieved a \$14.5 million cash settlement to successfully resolve claims alleged by a class of investors that the beauty company loosened its recruiting standards in its critical market in Brazil, eventually causing its stock price to crater. The case raised important issues concerning the use of confidential witnesses located abroad in support of scienter allegations and the scope of the attorney work product doctrine with respect to what discovery could be sought of confidential sources who are located in foreign countries.

Securities Class Action

In **Rougier v. Applied Optoelectronics, Inc.**, No. 4:17-cv-2399-GHC-CAB (S.D. Tex.), the Firm served as sole Lead Counsel, prevailed against Defendants' Motion to Dismiss, and achieved class certification before the Parties reached a settlement. The Court granted final approval of a \$15.5 million settlement on November 24, 2020.

In **Martin v. Altisource Residential Corp.**, No. 15-cv-00024 (AET) (GWC) (D.V.I.) the Firm acted as sole Lead Counsel and successfully defeated multiple motions to dismiss directed at the amended class complaints alleging that defendants misrepresented aspects of its relationship with mortgage servicer Ocwen Financial Corp. After engaging in substantial discovery, the Firm obtained a \$15.5 million recovery for the class of investors in Altisource Residential.

“lead counsel achieved a very good result in this case”

The Honorable Lewis J. Liman in *In re AppHarvest Securities Litigation*, No. 1:21-cv-7985 (S.D.N.Y. July 11, 2024)

“Plaintiffs' selected Class Counsel, the law firm of Levi & Korsinsky, LLP, has demonstrated the zeal and competence required to adequately represent the interests of the Class. The attorneys at Levi & Korsinsky have experience in securities and class actions issues and have been appointed lead counsel in a significant number of securities class actions across the country.”

The Honorable Christina Bryan in *Rougier v. Applied Optoelectronics, Inc.*, No. 4:17-cv-02399-GHC-CAB (S.D. Tex. Nov. 13, 2019)

In **In re Illumina Inc. Securities Litigation**, No. 3:16-cv-3044-L-MSB (S.D. Cal.) the Firm acted as sole Lead Counsel and obtained a recovery of \$13.85 million for a class of Illumina investors who were misled by false and misleading statements concerning sales of its “Hiseq” sequencing instrument. Settlement followed successfully defeating Defendants' motion to dismiss and extensive discovery.

Securities Class Action

In **In Re Helios and Matheson Analytics, Inc. Sec. Litig.**, No. 1:18-cv-6965-JGK (S.D.N.Y.), the Firm served as sole Lead Counsel. Although the company had filed a voluntary Bankruptcy petition for liquidation and had numerous creditors (including private parties and various state and federal regulatory agencies), the Firm was able to reach a settlement. The settlement was obtained at a time when a motion to dismiss filed by the defendants was still pending and a risk to the Class. In its role as Lead Counsel, the Firm achieved a settlement of \$8.25 million on behalf of the class. The Court granted final approval of the settlement on May 13, 2021.

In **In re Navient Corp. Securities Litigation**, No. 17-cv-8373 (RBK/AMD) (D.N.J.), the Firm represented Navient investors misled about its loan servicing practices and compliance with regulatory requirements designed to protect customers with student loans. After obtaining class certification and moving for summary judgment against defendants, the Firm obtained a \$7.5 million recovery for the class.

In **Kirkland, et al. v. WideOpenWest, Inc.**, et al., Index No. 653248/2018 (N.Y. Sup.) the Firm was Co-Lead Counsel and achieved a settlement of \$7,025,000 for shareholders.

"I find the firm to be well-qualified to serve as Lead Counsel."

Derivative, Corporate Governance & Executive Compensation

As a leader in achieving important corporate governance reforms for the benefit of shareholders, the Firm protects shareholders by enforcing the obligations of corporate fiduciaries. Our efforts include the prosecution of derivative actions in courts around the country, making pre-litigation demands on corporate boards to investigate misconduct, and taking remedial action for the benefit of shareholders. In situations where a company's board responds to a demand by commencing its own investigation, we frequently work with the board's counsel to assist with and monitor the investigation, ensuring that the investigation is thorough and conducted in an appropriate manner.

We have also successfully prosecuted derivative and class action cases to hold corporate executives and board members accountable for various abuses and to help preserve corporate assets through longlasting and meaningful corporate governance changes, thus ensuring that prior misconduct does not reoccur. We have extensive experience challenging executive compensation and recapturing assets for the benefit of companies and their shareholders. We have secured corporate governance changes to ensure that executive compensation is consistent with shareholder-

approved compensation plans, company performance, and federal securities laws.

In **Franchi v. Barabe**, No. 2020-0648-KSJM (Del. Ch.), the Firm secured \$6.7 million in economic benefits for Selecta Biosciences, Inc. in connection with insiders' participation in a private placement while in possession of material non-public information as well as the adoption of significant governance reforms designed to prevent a recurrence of the alleged misconduct.

The Firm was lead counsel in the derivative action styled **Police & Retirement System of the City of Detroit et al. v. Robert Greenberg et al.**, C.A No. 2019-0578-MTZ (Del. Ch.). The action resulted in a settlement where Skechers Inc. cancelled approximately \$20 million in equity awards issued to Skechers' founder Robert Greenberg and two top officers in 2019 and 2020. Also, under the settlement, Skechers' board of directors must retain a consultant to advise on compensation decisions going forward.

Derivative, Corporate Governance & Executive Compensation

In **In re Google Inc. Class C Shareholder Litigation**, C.A. No. 7469-CS (Del. Ch.), we challenged a stock recapitalization transaction to create a new class of nonvoting shares and strengthen the corporate control of the Google founders. We helped achieve an agreement that provided an adjustment payment to existing shareholders harmed by the transaction as well as providing enhanced board scrutiny of the Google founders' ability to transfer stock. Ultimately, Google's shareholders received payments of \$522 million.

In **In re Activision, Inc. Shareholder Derivative Litigation**, No. 06-cv-04771-MRP-JTL (C.D. Cal.), we were Co-Lead Counsel and challenged executive compensation related to the dating of options. This effort resulted in the recovery of more than \$24 million in excessive compensation and expenses, as well as the implementation of substantial corporate governance changes.

“...a model for how [the] great legal profession should conduct itself.”

Justice Timothy S. Driscoll in *Grossman v. State Bancorp, Inc.*, Index No. 600469/2011 (N.Y. Sup. Ct. Nassau Cnty. Nov. 29, 2011)

In **Pfeiffer v. Toll** (Toll Brothers Derivative Litigation), No. 4140-VCL (Del. Ch.), we prevailed in defeating defendants' motion to dismiss in a case seeking disgorgement of profits that company insiders reaped through a pattern of insider-trading. After extensive discovery, we secured a settlement returning \$16.25 million in cash to the company, including a significant contribution from the individuals who traded on inside information.

In **Rux v. Meyer**, No. 11577-CB (Del. Ch.), we challenged the re-purchase by Sirius XM of its stock from its controlling stockholder, Liberty Media, at an inflated, above-market price. After defeating a motion to dismiss and discovery, we obtained a settlement where SiriusXM recovered \$8.25 million, a substantial percentage of its over-payment.

In **In re EZCorp Inc. Consulting Agreement Derivative Litig.**, C.A. No. 9962-VCL (Del. Ch.), we challenged lucrative consulting agreements between EZCorp and its controlling stockholders. After surviving multiple motions to dismiss. We obtained a settlement where EZCorp was repaid \$6.45 million it had paid in consulting fees, or approximately 33% of the total at issue and the consulting agreements were discontinued.

Derivative, Corporate Governance & Executive Compensation

In **Scherer v. Lu** (Diodes Incorporated), No. 13-358-GMS (D. Del.), we secured the cancellation of \$4.9 million worth of stock options granted to the company's CEO in violation of a shareholder-approved plan, and obtained additional disclosures to enable shareholders to cast a fully informed vote on the adoption of a new compensation plan at the company's annual meeting.

In **MacCormack v. Groupon, Inc.**, No. 13-940-GMS (D. Del.), we caused the cancellation of \$2.3 million worth of restricted stock units granted to a company executive in violation of a shareholder-approved plan, as well as the adoption of enhanced corporate governance procedures designed to ensure that the board of directors complies with the terms of the plan; we also obtained additional material disclosures to shareholders in connection with a shareholder vote on amendments to the plan.

In **Edwards v. Benson** (Headwaters Incorporated), No. 13-cv-330 (D. Utah), we caused the cancellation of \$3.2 million worth of stock appreciation rights granted to the company's CEO in violation of a shareholder-approved plan and the adoption of enhanced corporate governance procedures designed to ensure that the board of directors complies with the terms of the plan.

In **Pfeiffer v. Begley** (DeVry, Inc.), No. 12-CH-5105 (Ill. Cir. Ct. DuPage Cty.), we secured the cancellation of \$2.1 million worth of stock options granted to the company's CEO in 2008-2012 in violation of a shareholder-approved incentive plan.

In **Basch v. Healy** (EnerNOC), No. 13-cv-766 (D. Del.), we obtained a cash payment to the company to compensate for equity awards issued to officers in violation of the company's compensation plan and caused significant changes in the company's compensation policies and procedures designed to ensure that future compensation decisions are made consistent with the company's plans, charters and policies. We also impacted the board's creation of a new compensation plan and obtained additional disclosures to stockholders concerning the board's administration of the company's plan and the excess compensation.

In **Kleba v. Dees**, No. 3-1-13 (Tenn. Cir. Ct. Knox Cty.), we recovered approximately \$9 million in excess compensation given to insiders and the cancellation of millions of shares of stock options issued in violation of a shareholder-approved compensation plan. In addition, we obtained the adoption of formal corporate governance procedures designed to ensure that future compensation decisions are made independently and consistent with the plan.

Derivative, Corporate Governance & Executive Compensation

In **Lopez v. Nudelman** (CTI BioPharma Corp.), No. 14-2-18941-9 SEA (Wash. Super. Ct. King Cty.), we recovered approximately \$3.5 million in excess compensation given to directors and obtained the adoption of a cap on director compensation, as well as other formal corporate governance procedures designed to implement best practices with regard to director and executive compensation.

In **In re Corinthian Colleges, Inc. Shareholder Derivative Litigation**, No. 06-cv-777-AHS (C.D. Cal.), we were Co-Lead Counsel and achieved a \$2 million benefit for the company, resulting in the re-pricing of executive stock options and the establishment of extensive corporate governance changes.

In **In re Corinthian Colleges, Inc. Shareholder Derivative Litigation**, No. 06-cv-777-AHS (C.D. Cal.), we were Co-Lead Counsel and achieved a \$2 million benefit for the company, resulting in the re-pricing of executive stock options and the establishment of extensive corporate governance changes.

In **Pfeiffer v. Alpert (Beazer Homes Derivative Litigation)**, No. 10-cv-1063-PD (D. Del.), we successfully challenged certain aspects of the company's executive compensation structure, ultimately forcing the company to improve its compensation practices.

In **In re Cincinnati Bell, Inc., Derivative Litigation**, No. A1105305 (Ohio, Hamilton Cty. C.P.), we achieved significant corporate governance changes and enhancements related to the company's compensation policies and practices in order to better align executive compensation with company performance. Reforms included the formation of an entirely independent compensation committee with staggered terms and term limits for service.

In **Woodford v. Mizel** (M.D.C. Holdings, Inc.), No. 1:11-cv-879 (D. Del.), we challenged excessive executive compensation, ultimately obtaining millions of dollars in reductions of that compensation, as well as corporate governance enhancements designed to implement best practices with regard to executive compensation and increased shareholder input.

Mergers & Acquisitions

Levi & Korsinsky has achieved an impressive record in obtaining injunctive relief for shareholders, and we are one of the premier law firms engaged in mergers & acquisitions and takeover litigation, consistently striving to maximize shareholder value. In these cases, we regularly fight to obtain settlements that enable the submission of competing buyout bid proposals, thereby increasing consideration for shareholders.

We have litigated landmark cases that have altered the landscape of mergers & acquisitions law and resulted in multi-million dollar awards to aggrieved shareholders.

In **In re Schuff International, Inc. Stockholders Litigation**, No. 10323-VCZ (Del. Ch.), we served as Co-Lead Counsel for the plaintiff class in achieving the largest recovery as a percentage of the underlying transaction consideration in Delaware Chancery Court merger class action history, obtaining an aggregate recovery of more than \$22 million -- a gross increase from \$31.50 to \$67.45 in total consideration per share (a 114% increase) for tendering stockholders.

“ Vice Chancellor Sam Glasscock, III said “it’s always a pleasure to have counsel who are articulate and exuberant...” and referred to our approach to merger litigation as “wholesome” and “a model of... plaintiffs’ litigation in the merger arena.”

Ocieczanek v. Thomas Properties Group, C.A. No. 9029-VCG (Del. Ch. May 15, 2014)

In **In re Bluegreen Corp. Shareholder Litigation**, No. 502011CA018111 (Cir. Ct. for Palm Beach Cty., FL), as Co-Lead Counsel, we achieved a common fund recovery of \$36.5 million for minority shareholders in connection with a management-led buyout, increasing gross consideration to shareholders in connection with the transaction by 25% after three years of intense litigation.

In **In re CNX Gas Corp. Shareholder Litigation**, No. 5377-VCL (Del. Ch.), as Plaintiffs’ Executive Committee Counsel, we obtained a landmark ruling from the Delaware Chancery Court that set forth a unified standard for assessing the rights of shareholders in the context of freeze-out transactions and ultimately led to a common fund recovery of over \$42.7 million for the company’s shareholders.

Mergers & Acquisitions

In **Chen v. Howard-Anderson**, No. 5878-VCL (Del. Ch.), we represented shareholders in challenging the merger between Occam Networks, Inc. and Calix, Inc., obtaining a preliminary injunction against the merger after showing that the proxy statement by which the shareholders were solicited to vote for the merger was materially false and misleading. Post-closing, we took the case to trial and recovered an additional \$35 million for the shareholders.

In **In re Sauer-Danfoss Stockholder Litig.**, No. 8396 (Del. Ch.), as one of plaintiffs' co-lead counsel, we recovered a \$10 million common fund settlement in connection with a controlling stockholder merger transaction.

In **In re Yongye International, Inc. Shareholders' Litigation**, No. A-12-670468-B (District Court, Clark County, Nevada), as one of plaintiffs' co-lead counsel, we recovered a \$6 million common fund settlement in connection with a management-led buyout of minority stockholders in a China-based company incorporated under Nevada law.

In **In re Great Wolf Resorts, Inc. Shareholder Litigation**, No. 7328-VCN (Del. Ch.), we achieved tremendous results for shareholders, including partial responsibility for a \$93 million (57%) increase in merger consideration and the waiver of several "don't-ask-don't-waive" standstill agreements that were restricting certain potential bidders from making a topping bid for the company.

“Mr. Enright, the way you laid out your argument ... is extraordinarily helpful to a Court, and it's a textbook of how oral arguments should be done.”

Vice Chancellor Sam Glasscock in *Adam Turnbull v. Adam Klein*, C.A. No. 1125-SG (Del. Ch. 2024)

In **In re Talecris Biotherapeutics Holdings Shareholder Litigation**, C.A. No. 5614-VCL (Del. Ch.), we served as counsel for one of the Lead Plaintiffs, achieving a settlement that increased the merger consideration to Talecris shareholders by an additional 500,000 shares of the acquiring company's stock and providing shareholders with appraisal rights.

In **In re Minerva Group LP v. Mod-Pac Corp.**, Index No. 800621/2013 (N.Y. Sup. Ct. Erie Cty.), we obtained a settlement in which defendants increased the price of an insider buyout from \$8.40 to \$9.25 per share, representing a recovery of \$2.4 million for shareholders.

Mergers & Acquisitions

In **Stephen J. Dannis v. J.D. Nichols**, No. 13-CI-00452 (Ky. Cir. Ct. Jefferson Cty.), as Co-Lead Counsel, we obtained a 23% increase in the merger consideration (from \$7.50 to \$9.25 per unit) for shareholders of NTS Realty Holdings Limited Partnership. The total benefit of \$7.4 million was achieved after two years of hard-fought litigation, challenging the fairness of the going-private, squeeze-out merger by NTS's controlling unitholder and Chairman, Defendant Jack Nichols. The unitholders bringing the action alleged that Nichols' proposed transaction grossly undervalued NTS's units. The 23% increase in consideration was a remarkable result given that on October 18, 2013, the Special Committee appointed by the Board of Directors had terminated the existing merger agreement with Nichols. Through counsel's tenacious efforts the transaction was resurrected and improved.

Mergers & Acquisitions

In **Dias v. Purches**, No. 7199-VCG (Del. Ch.), Vice Chancellor Sam Glasscock, III of the Delaware Chancery Court partially granted shareholders' motion for preliminary injunction and ordered that defendants correct a material misrepresentation in the proxy statement related to the acquisition of Parlux Fragrances, Inc. by Perfumania Holding, Inc.

In **In re Complete Genomics, Inc. Shareholder Litigation**, No. 7888-VCL (Del. Ch.), we obtained preliminary injunctions of corporate merger and acquisition transactions, and Plaintiffs successfully enjoined a "don't-ask-don't-waive" standstill agreement.

In **In re Pamrapo Bancorp Shareholder Litigation**, Docket C-89-09 (N.J. Ch. Hudson Cty.) & HUD-L-3608- 12 (N.J. Law Div. Hudson Cty.), we defeated defendants' motion to dismiss shareholders' class action claims for money damages arising from the sale of Pamrapo Bancorp to BCB Bancorp at an allegedly unfair price through an unfair process. We then survived a motion for summary judgment, ultimately securing a settlement recovering \$1.95 million for the Class plus the Class's legal fees and expenses up to \$1 million (representing an increase in consideration of 15-23% for the members of the Class).

In **Forgo v. Health Grades, Inc.**, No. 5716-VCS (Del. Ch.), as Co-Lead Counsel, our attorneys established that defendants had likely breached their fiduciary duties to Health Grades' shareholders by failing to maximize value as required under *Revlon, Inc. v. MacAndrews & Forbes Holdings, Inc.*, No. 506 A.2d 173 (Del. 1986). We secured an agreement with defendants to take numerous steps to seek a superior offer for the company, including making key modifications to the merger agreement, creating an independent committee to evaluate potential offers, extending the tender offer period, and issuing a "Fort Howard" release affirmatively stating that the company would participate in good faith discussions with any party making a bona fide acquisition proposal.

In **In re Integrated Silicon Solution, Inc. Stockholder Litigation**, No. 115CV279142 (Super. Ct. Santa Clara, Cal.), we won an injunction requiring corrective disclosures concerning "don't-ask-don't-waive" standstill agreements and certain financial advisor conflicts of interests, and contributed to the integrity of a post-agreement bidding contest that led to an increase in consideration from \$19.25 to \$23 per share, a bump of almost 25 percent.

“I think you've done a superb job and I really appreciate the way this case was handled.”

Justice Timothy S. Driscoll in *Grossman v. State Bancorp, Inc.*, Index No. 600469/2011 (N.Y. Sup. Ct. Nassau Cnty. Nov. 29, 2011)

Mr. Enright has also demonstrated considerable success in obtaining deal price increases for shareholders in M&A litigation. As Co-Lead Counsel in the matter of **In re Great Wolf Resorts, Inc. Shareholder Litigation**, C.A. No. 7328-VCN (Del. Ch. 2012), Mr. Enright was partially responsible for a \$93 million (57%) increase in merger consideration and waiver of several “don’t-ask-don’t-waive” standstill agreements. Similarly, Mr. Enright served as Co-Lead Counsel in the case of **Berger v. Life Sciences Research, Inc.**, No. SOM-C-12006-09 (NJ Sup. Ct. 2009), which caused a significant increase in the transaction price from \$7.50 to \$8.50 per share, representing additional consideration for shareholders of approximately \$11.5 million. Mr. Enright also served as Co-Lead Counsel in **Minerva Group, LP v. Keane**, Index No. 800621/2013 (NY Sup. Ct. of Erie Cnty.) and obtained an increased buyout price from \$8.40 to \$9.25 per share.

The courts have frequently recognized and praised the quality of Mr. Enright’s work:

- In **In re Interbank Funding Corp. Securities Litigation**, (D.D.C. 02-1490), Judge Bates of the United States District Court for the District of Columbia observed that Mr. Enright had “...skillfully, efficiently, and zealously represented the class, and... worked relentlessly throughout the course of the case.”
- In **Freeland v. Iridium World Communications, LTD**, (D.D.C. 99-1002), Judge Nanette Laughrey stated that Mr. Enright and his co-counsel had done “an outstanding job” in connection with the recovery of \$43.1 million for the shareholder class.
- In the matter of **Osieczanek v. Thomas Properties Group**, C.A. No. 9029-VCG (Del. Ch. 2013), Vice Chancellor Sam Glasscock of the Delaware Court of Chancery observed that “it’s always a pleasure to have counsel [like Mr. Enright] who are articulate and exuberant in presenting their position,” and that Mr. Enright’s prosecution of a merger case was “wholesome” and served as “a model of . . . plaintiffs’ litigation in the merger arena.”
- In the matter of **Adam Turnbull v. Adam Klein**, C.A. No. 1125-SG (Del. Ch. 2024), Vice Chancellor Sam Glasscock of the Delaware Court of Chancery stated in a hearing, “Mr. Enright, the way you laid out your argument ... is extraordinarily helpful to a Court, and it’s a textbook of how oral arguments should be done. That’s not taking anything away from what the defendants did. But that was, I thought, classic, and I’m glad my clerks and interns and Supreme Court clerks got to hear it.”

Securities Litigation

Significant Landmarks

***In re Petrobras Sec. Litig.*, No. 14-cv-9662 (S.D.N.Y. 2018)**

On January 3, 2018, in a significant victory for investors, Pomerantz, as sole Lead Counsel for the class, along with Lead Plaintiff Universities Superannuation Scheme Limited (“USS”), achieved a historic \$2.95 billion settlement with Petróleo Brasileiro S.A. (“Petrobras”) and its related entity, Petrobras International Finance Company, as well as certain of Petrobras’ former executives and directors. On February 2, 2018, Pomerantz and USS reached a \$50 million settlement with Petrobras’ auditors, PricewaterhouseCoopers Auditores Independentes, bringing the total recovery for Petrobras investors to \$3 billion.

This is not only the largest securities class action settlement in a decade but is the largest settlement ever in a securities class action involving a foreign issuer, the fifth-largest securities class action settlement ever achieved in the United States, the largest securities class action settlement achieved by a foreign Lead Plaintiff, and the largest securities class action settlement in history not involving a restatement of financial reports.

The class action, brought on behalf of all purchasers of common and preferred American Depositary Shares (“ADSs”) on the New York Stock Exchange, as well as purchasers of certain Petrobras debt, principally alleged that Petrobras and its senior executives engaged in a multi-year, multi-billion-dollar money-laundering and bribery scheme, which was concealed from investors.

In addition to the multi-billion-dollar recovery for defrauded investors, Pomerantz secured precedent-setting decisions when the Second Circuit Court of Appeals squarely rejected defendants’ invitation to adopt the heightened ascertainability requirement promulgated by the Third Circuit, which would have required plaintiffs to demonstrate that determining membership in a class is “administratively feasible.” The Second Circuit’s rejection of this standard is not only a victory for bondholders in securities class actions, but also for plaintiffs in consumer fraud class actions and other class actions where documentation regarding Class membership is not readily attainable. The Second Circuit also refused to adopt a requirement, urged by defendants, that all securities class action plaintiffs seeking class certification prove through direct evidence (i.e., an event study) that the prices of the relevant securities moved in a particular direction in response to new information.

***Pirnik v. Fiat Chrysler Automobiles N.V. et al.*, No. 1:15-cv-07199-JMF (S.D.N.Y)**

In August 2019, Pomerantz, as Lead Counsel, achieved final approval of a \$110 million settlement for the Class in this high-profile securities class action. Plaintiffs alleged that Fiat Chrysler concealed from investors that it improperly outfitted its diesel vehicles with “defeat device” software designed to cheat NOx emissions regulations in the U.S. and Europe, and that regulators had accused Fiat Chrysler of violating the emissions regulations. The *Fiat Chrysler* recovery provides the class of investors with as much as 20% of recoverable damages—an excellent result when compared to historical statistics in class action settlements, where typical recoveries for cases of this size are between 1.6% and 3.3%.

In addition to creating precedent-setting case law in successfully defending the various motions to dismiss the *Fiat Chrysler* litigation, Pomerantz also significantly advanced investors' ability to obtain critically important discovery from regulators that are often at the center of securities actions. During the litigation, Pomerantz sought the deposition of a former employee of the National Highway Traffic Safety Administration ("NHTSA"). The United States Department of Transportation ("USDOT"), like most federal agencies, has enacted a set of regulations — known as "Touhy regulations" — governing when its employees may be called by private parties to testify in court. On their face, USDOT's regulations apply to both "current" and "former" employees. In response to Pomerantz's request to depose a former employee of NHTSA that interacted with Fiat Chrysler, NHTSA denied the request, citing the Touhy regulation. Despite the widespread application, and assumed appropriateness, of applying these regulations to former employees throughout the case law, Pomerantz filed an action against USDOT and NHTSA, arguing that the statute pursuant to which the Touhy regulations were enacted speaks only of "employees," which should be interpreted to apply only to current employees. The court granted summary judgment in favor of Pomerantz's clients, holding that "USDOT's Touhy regulations are unlawful to the extent that they apply to former employees." This victory will greatly shift the discovery tools available, so that investor plaintiffs in securities class actions against highly regulated entities (for example, companies subject to FDA regulations) will now be able to depose former employees of the regulators that interacted with the defendants during the class period to get critical testimony concerning the company's violations and misdeeds.

***Strougo v. Barclays PLC*, No. 14-cv-5797 (S.D.N.Y.)**

Pomerantz, as sole Lead Counsel in this high-profile securities class action, achieved a \$27 million settlement for defrauded investors in 2019. Plaintiffs alleged that defendants concealed information and misled investors regarding its management of its "LX" dark pool, a private trading platform where the size and price of the orders are not revealed to other participants. On November 6, 2017, the Second Circuit affirmed former District Court Judge Shira S. Scheindlin's February 2, 2016, Opinion and Order granting plaintiffs' motion for class certification in the case.

The Court of Appeals in *Barclays* held that direct evidence of price impact is not always necessary to demonstrate market efficiency, as required to invoke the *Basic* presumption of reliance, and was not required here. Significantly, when handing down its decision, the Second Circuit cited its own *Petrobras* decision, stating, "We have repeatedly—and recently—declined to adopt a particular test for market efficiency." *Waggoner v. Barclays PLC*, 875 F.3d 79, 94 (2d Cir. 2017).

The court held that defendants seeking to rebut the *Basic* presumption of reliance on an efficient market must do so by a preponderance of the evidence. The court further held that it would be inconsistent with *Halliburton II* to "allow [] defendants to rebut the *Basic* presumption by simply producing *some* evidence of market inefficiency, but not demonstrating its inefficiency to the district court." *Id.* at 100. The court rejected defendants' contention that Federal Rule of Evidence 301 applies and made clear that the *Basic* presumption is a judicially created doctrine and thus the burden of persuasion properly shifts to defendants. The court thus confirmed that plaintiffs have no burden to show price impact at the class certification stage—a significant victory for investors.

***In re Yahoo! Inc. Sec. Litig.*, No. 17-cv-00373 (N.D. Cal.)**

On September 10, 2018, Pomerantz, as Co-Lead Counsel, achieved final approval of a historic \$80 million settlement for the Class in this ground-breaking litigation. The complaint, filed in January 2017, alleged

that the internet giant intentionally misled investors about its cybersecurity practices in the wake of massive data breaches in 2013 and 2014 that compromised the personal information of all 3 billion Yahoo customers. Plaintiffs allege that Yahoo violated federal securities laws by failing to disclose the breaches, which caused a subsequent stock price dive. This represents the first significant settlement to date of a securities fraud class action filed in response to a data breach.

As part of due diligence, Pomerantz located critical evidence showing that Yahoo's management had concurrent knowledge of at least one of the data breaches. Importantly, these records showed that Yahoo's Board of Directors, including Defendant CEO Marissa Mayer, had knowledge of and received repeated updates regarding the breach. In its public filings, Yahoo denied that the CEO knew about the breach, and the CEO's knowledge was a key issue in the case.

After receiving Plaintiffs' opposition to the motion to dismiss, but before the federal District Court ruled on the motion, the case settled for \$80 million. This early and large settlement reflects the strength of the complaint's allegations.

Kaplan v. S.A.C. Capital Advisors, L.P., No. 12-cv-9350 (S.D.N.Y.)

In May 2017, Pomerantz, as Co-Lead Counsel, achieved final approval of a \$135 million recovery for the Class in this securities class action that stemmed from what has been called the most profitable insider trading scheme in U.S. history. After years of vigorous litigation, billionaire Steven A. Cohen's former hedge fund, S.A.C. Capital Advisors LP, agreed to settle the lawsuit by investors in the drug maker Elan Corp, who said they lost money because of insider trading by one of his portfolio managers.

In re BP p.l.c. Securities Litigation, MDL No. 2185 (S.D. Tex.)

Beginning in 2012, Pomerantz pursued ground-breaking individual lawsuits for institutional investors to recover losses in BP p.l.c.'s London-traded common stock and NYSE-traded American Depositary Shares (ADSs) arising from its 2010 Gulf of Mexico oil spill. Over nine years, Pomerantz briefed and argued every significant dispute on behalf of 125+ institutional plaintiffs, successfully opposed three motions to dismiss, won other contested motions, oversaw e-discovery of 1.75 million party and non-party documents, led the Individual Action Plaintiffs Steering Committee, served as sole Liaison with BP and the Court, and worked tirelessly with our clients' outside investment management firms to develop crucial case evidence.

A threshold challenge was how to litigate in U.S. court given the U.S. Supreme Court's decision in *Morrison v. National Australia Bank*, 130 S. Ct. 2869 (2010), which barred recovery for losses in foreign-traded securities under the U.S. federal securities laws. In 2013 and 2014, Pomerantz won significant victories in defeating BP's *forum non conveniens* arguments, which sought to force dismissal of the English common law claims from U.S. courts for refiling in English courts, first as regards U.S. institutions and, later, foreign institutions. Pomerantz also defeated BP's attempt to extend the U.S. federal Securities Litigation Uniform Standards Act of 1998 to reach, and dismiss, these foreign law claims in deference to non-existent remedies under the U.S. federal securities laws. These rulings paved the way for 125+ global institutional investors to pursue their claims and marked the first time, post-*Morrison*, that U.S. and foreign investors, pursuing foreign claims seeking recovery for losses in a foreign company's foreign-traded securities, did so in a U.S. court. In 2017, Pomerantz earned an important victory that expanded investor rights under English law, permitting certain BP investors to pursue a

“holder claim” theory seeking to recover losses in securities held, rather than purchased anew, in reliance on the alleged fraud - a theory barred under the U.S. federal securities laws since *Blue Chip Stamps v. Manor Drug Stores*, 421 U.S. 723 (1975). This win was significant, given the dearth of precedent from anywhere recognizing the viability of a “holder claim” under any non-U.S. law and holding that a given plaintiff alleged facts sufficiently evidencing reliance and documenting the resulting retention of an identifiable amount of shares on a date certain.

In Q1 2021, Pomerantz secured confidential, favorable monetary settlements from BP for our nearly three dozen clients, including public and private pension funds, money management firms, partnerships, and investment trusts from the U.S., Canada, the U.K., France, the Netherlands, and Australia.

In re Comverse Technology, Inc. Sec. Litig., No. 06-CV-1825 (E.D.N.Y.)

In June 2010, Judge Nicholas G. Garaufis of the U.S. District Court for the Eastern District of New York granted final approval of a \$225 million settlement proposed by Pomerantz and Lead Plaintiff the Menora Group, with Comverse Technology and certain of Comverse’s former officers and directors, after four years of highly contested litigation. The *Comverse* settlement is one of the largest securities class action settlements reached since the passage of the Private Securities Litigation Reform Act (“PSLRA”).¹ It is the second-largest recovery in a securities litigation involving the backdating of options, as well as one of the largest recoveries – \$60 million – from an individual officer-defendant, Comverse’s founder and former CEO, Kobi Alexander.

Other significant settlements

Even before the enactment of the PSLRA, Pomerantz represented state agencies in securities class actions, including the Treasurer of the Commonwealth of Pennsylvania (recovered \$100 million) against a major investment bank. *In re Salomon Brothers Treasury Litig.*, No. 91-cv-5471 (S.D.N.Y.).

Pomerantz recovered \$50 million for the Treasurer of the State of New Jersey and several New Jersey pension funds in an individual action. This was a substantially higher recovery than what our clients would have obtained had they remained in a related federal class action. *Treasurer of State of New Jersey v. AOL Time Warner, Inc.* (N.J. Super. Ct. Law Div., Mercer Cty.).

Pomerantz has litigated numerous cases for the Louisiana School Employees’ Retirement System. For example, as Lead Counsel, Pomerantz recovered \$74.75 million in a securities fraud class action against Citigroup, its CEO Sanford Weill, and its now infamous telecommunications analyst Jack Grubman. *In re Salomon Analyst AT&T Litig.*, No. 02-cv-6801 (S.D.N.Y.) Also, the Firm played a major role in a complex antitrust and securities class action which settled for over \$1 billion. *In re NASDAQ Market-Makers Antitrust Litig.*, MDL No. 1023 (S.D.N.Y.). Pomerantz was a member of the Executive Committee in *In re Transkaryotic Therapies, Inc. Securities Litigation*, C.A. No. 03-10165 (D. Mass.), helping to win a \$50 million settlement for the class.

In 2008, together with Co-Counsel, Pomerantz identified a substantial opportunity for recovery of losses in Countrywide mortgage-backed securities (“MBS”) for three large New Mexico funds (New Mexico State Investment Council, New Mexico Public Employees’ Retirement Association, and New Mexico

¹ Institutional Shareholder Services, *SCAS Top 100 Settlements Quarterly Report* (Sept. 30, 2010).

Educational Retirement Board), which had been overlooked by all of the firms then in their securities litigation pool. We then filed the first non-class lawsuit by a public institution with respect to Countrywide MBS. *See N.M. State Inv. Council v. Countrywide Fin. Corp.*, No. D-0101-CV-2008-02289 (N.M. 1st Dist. Ct.). In Fall 2010, we negotiated for our clients an extremely favorable but confidential settlement.

Over its long history, Pomerantz has achieved significant settlements in numerous cases, a sampling of which is listed below:

- *In re Telerate, Inc. S'holders Litig.*, C.A. No. 1115 (Del. Ch. 1989)
\$95 million benefit in case alleging violation of fiduciary duty under state law.

Pomerantz has also obtained stellar results for private institutions and Taft-Hartley funds. Below are a few examples:

- *In re Charter Commc'ns, Inc. Sec. Litig.*, No. 02-cv-1186 (E.D. Mo. 2005) (sole Lead Counsel for Lead Plaintiff StoneRidge Investment Partners LLC); \$146.25 million class settlement, where Charter also agreed to enact substantive improvements in corporate governance.
- *In re Am. Italian Pasta Sec. Litig.*, No. 05-cv-865 (W.D. Mo. 2008) (sole Lead Counsel for Lead Plaintiff Ironworkers Locals 40, 361 and 417; \$28.5 million aggregate settlements).
- *Richardson v. Gray*, No. 116880/1995 (N.Y. Sup. Ct. N.Y. Cty. 1999); and *In re Summit Metals*, No. 98-2870 (Bankr. D. Del. 2004) (two derivative actions where the Firm represented C.C. Partners Ltd. and obtained judgment of contempt against controlling shareholder for having made “extraordinary” payments to himself in violation of a preliminary injunction; persuaded the court to jail him for two years upon his refusal to pay; and, in a related action, won a \$43 million judgment after trial and obtained turnover of stock of two companies).

Shaping the Law

Not only has Pomerantz established a long track record of obtaining substantial monetary recoveries for our clients; whenever appropriate, we also pursue corporate governance reforms on their behalf. In *In re Chesapeake Shareholders Derivative Litigation*, No. CJ-2009-3983 (Okla. Dist. Ct., Okla. Cty. 2011), for example, the Firm served as Co-Lead Counsel, representing a public pension client in a derivative case arising from an excessive compensation package granted to Chesapeake’s CEO and founder. This was a derivative action, not a class action. Yet it is illustrative of the results that can be obtained by an institutional investor in the corporate governance arena. There we obtained a settlement which called for the repayment of \$12.1 million and other consideration by the CEO. The Wall Street Journal (Nov. 3, 2011) characterized the settlement as “a rare concession for the 52-year-old executive, who has run the company largely by his own rules since he co-founded it in 1989.” The settlement also included comprehensive corporate governance reforms.

The Firm has won many landmark decisions that have enhanced shareholders’ rights and improved corporate governance. These include decisions that established that:

- defendants seeking to rebut the *Basic* presumption of reliance on an efficient market must do so by a preponderance of the evidence. *Waggoner v. Barclays PLC*, 875 F.3d 79 (2d Cir. 2017) (*Strougo v. Barclays PLC*, in the court below);
- plaintiffs have no burden to show price impact at the class certification stage. *Waggoner v. Barclays PLC*, 875 F.3d 79 (2d Cir. 2017) (*Strougo v. Barclays PLC*, in the court below);
- the ascertainability doctrine requires only that a class be defined using objective criteria that establish a membership with definite boundaries. *Universities Superannuation Scheme Ltd. v. Petróleo Brasileiro S.A. Petrobras*, 862 F.3d 250 (2d Cir. 2017);
- companies cannot adopt bylaws to regulate the rights of former stockholders. *Strougo v. Hollander*, C.A. No. 9770-CB (Del. Ch. 2015);
- a temporary rise in share price above its purchase price in the aftermath of a corrective disclosure does not eviscerate an investor’s claim for damages. *Acticon AG v. China Ne. Petroleum Holdings Ltd.*, 692 F.3d 34 (2d Cir. 2012);
- an MBS holder may bring claims if the MBS price declines even if all payments of principal and interest have been made. Transcript of Proceedings, *N.M. State Inv. Council v. Countrywide Fin. Corp.*, No. D-0101-CV-2008-02289 (N.M. 1st Dist. Ct. Mar. 25, 2009);

- when a court selects a Lead Plaintiff under the Private Securities Litigation Reform Act (“PSLRA”), the standard for calculating the “largest financial interest” must take into account sales as well as purchases. *In re Comverse Tech., Inc. Sec. Litig.*, No. 06-cv-1825, 2007 U.S. Dist. LEXIS 14878 (E.D.N.Y. Mar. 2, 2007);
- a managing underwriter can owe fiduciary duties of loyalty and care to an issuer in connection with a public offering of the issuer stock, even in the absence of any contractual agreement. Professor John C. Coffee, a renowned Columbia University securities law professor, commenting on the ruling, stated: “It’s going to change the practice of all underwriting.” *EBC I, Inc. v. Goldman Sachs & Co.*, 5 N.Y. 3d 11 (2005);
- purchasers of options have standing to sue under federal securities laws. *In re Green Tree Fin. Corp. Options Litig.*, No. 97-2679, 2002 U.S. Dist. LEXIS 13986 (D. Minn. July 29, 2002);

- specific standards for assessing whether mutual fund advisors breach fiduciary duties by charging excessive fees. *Gartenberg v. Merrill Lynch Asset Mgmt., Inc.*, 740 F.2d 190 (2d Cir. 1984);
- investment advisors to mutual funds are fiduciaries who cannot sell their trustee positions for a profit. *Rosenfeld v. Black*, 445 F.2d 1337 (2d Cir. 1971); and
- management directors of mutual funds have a duty to make full disclosure to outside directors “in every area where there was even a possible conflict of interest.” *Moses v. Burgin*, 445 F.2d 369 (1st Cir. 1971).

Comments from the Courts

Throughout its history, courts time and again have acknowledged the Firm’s ability to vigorously pursue and successfully litigate actions on behalf of investors.

U.S. District Judge Noel L. Hillman, in approving the *In re Toronto-Dominion Bank Securities Litigation* settlement in October 2019, stated:

I commend counsel on both sides for their hard work, their very comprehensive and thoughtful submissions during the motion practice aspect of this case. ... It’s clear to me that this was comprehensive, extensive, thoughtful, meaningful litigation leading up to the settlement. ... This settlement appears to have been obtained through the hard work of the Pomerantz firm. ... It was through their efforts and not piggybacking on any other work that resulted in this settlement.

In approving the settlement in *Strougo v. Barclays PLC* in June 2019, Judge Victor Marrero of the Southern District of New York wrote:

Let me thank counsel on both sides for the extraordinary work both sides did in bringing this matter to a reasonable conclusion. As the parties have indicated, the matter was intensely litigated, but it was done in the most extraordinary fashion with cooperation, collaboration, and high levels of professionalism on both sides, so I thank you.

In approving the \$3 billion settlement in *In re Petrobras Securities Litigation* in June 2018, Judge Jed S. Rakoff of the Southern District of New York wrote:

[T]he Court finds that Class Counsel's performance was in many respects exceptional, with the result that, as noted, the class is poised to enjoy a substantially larger per share recovery [65%] than the recovery enjoyed by numerous large and sophisticated plaintiffs who separately settled their claims.

At the hearing for preliminary approval of the settlement in *In re Petrobras Securities Litigation* in February 2018, Judge Rakoff stated:

[T]he lawyers in this case [are] some of the best lawyers in the United States, if not in the world.

Two years earlier, in certifying two Classes in *In re Petrobras Securities Litigation* in February 2016, Judge Rakoff wrote:

[O]n the basis not only of USS's counsel's prior experience but also the Court's observation of its advocacy over the many months since it was appointed Lead Counsel, the Court concludes that Pomerantz, the proposed class counsel, is "qualified, experienced and able to conduct the litigation." ... [T]he Pomerantz firm has both the skill and resources to represent the Classes adequately.

In approving the settlement in *Thorpe v. Walter Investment Management Corp.*, No. 14-cv-20880, 2016 U.S. Dist. LEXIS 144133 (S.D. Fla. Oct. 14, 2016) Judge Ursula Ungaro wrote:

Class Counsel has developed a reputation for zealous advocacy in securities class actions. ... The settlement amount of \$24 million is an outstanding result.

At the May 2015 hearing wherein the court approved the settlement in *Courtney v. Avid Technology, Inc.*, No. 13-cv-10686 (D. Mass. May 12, 2015), following oral argument by Jeremy A. Lieberman, Judge William G. Young stated:

This has been very well litigated. It is always a privilege. I don't just say that as a matter of form. And I thank you for the vigorous litigation that I've been permitted to be a part of. [Tr. at 8-9.]

At the January 2012 hearing wherein the court approved the settlement in *In re Chesapeake Energy Corp. Shareholder Derivative Litigation*, No. CJ-2009-3983 (Okla. Dist. Ct., Okla. Cty. Jan. 30, 2012), following oral argument by Marc I. Gross, Judge Daniel L. Owens stated:

Counsel, it's a pleasure, and I mean this and rarely say it. I think I've said it two times in 25 years. It is an extreme pleasure to deal with counsel of such caliber.
[Tr. at 48.]

In approving the \$225 million settlement in *In re Comverse Technology, Inc. Securities Litigation*, No. 06-CV-1825 (E.D.N.Y.) in June 2010, Judge Nicholas G. Garaufis stated:

As outlined above, the recovery in this case is one of the highest ever achieved in this type of securities action. ... The court also notes that, throughout this litigation, it has been impressed by Lead Counsel's acumen and diligence. The briefing has been thorough, clear, and convincing, and ... Lead Counsel has not taken short cuts or relaxed its efforts at any stage of the litigation.

In approving a \$146.25 million settlement in *In re Charter Communications Securities Litigation*, No. 02-CV-1186, 2005 U.S. Dist. LEXIS 14772 (E.D. Mo. June 30, 2005), in which Pomerantz served as sole Lead Counsel, Judge Charles A. Shaw praised the Firm's efforts, citing "the vigor with which Lead Counsel ... investigated claims, briefed the motions to dismiss, and negotiated the settlement." He further stated:

This Court believes Lead Plaintiff achieved an excellent result in a complex action, where the risk of obtaining a significantly smaller recovery, if any, was substantial.

In approving a \$24 million settlement in *In re Force Protection, Inc.*, No. 08 CV 845 (D.S.C. 2011), Judge C. Weston Houk described the Firm as "attorneys of great ability and great reputation" and commended the Firm for having "done an excellent job."

In certifying a class in a securities fraud action against analysts in *DeMarco v. Robertson Stephens Inc.*, 228 F.R.D. 468 (S.D.N.Y. 2005), Judge Gerard D. Lynch stated that Pomerantz had "ably and zealously represented the interests of the class."

Numerous courts have made similar comments:

- Appointing Pomerantz Lead Counsel in *American Italian Pasta Co. Securities Litigation*, No 05-CV-0725 (W.D. Mo.), a class action that involved a massive fraud and restatements spanning several years, the District Court observed that the Firm "has significant experience (and has been extremely effective) litigating securities class actions, employs highly qualified attorneys, and possesses ample resources to effectively manage the class litigation and protect the class's interests."
- In approving the settlement in *In re Wiring Devices Antitrust Litigation*, MDL No. 331 (E.D.N.Y. Sept. 9, 1980), Chief Judge Jack B. Weinstein stated that "Counsel for the plaintiffs I think did an excellent job. ... They are outstanding and skillful. The litigation was and is extremely complex. They assumed a great deal of responsibility. They recovered a very large amount given the possibility of no recovery here which was in my opinion substantial."
- In *Snyder v. Nationwide Insurance Co.*, No. 97/0633, (N.Y. Supreme Court, Onondaga Cty.), a case where Pomerantz served as Co-Lead Counsel, Judge Tormey stated, "It was a pleasure to work with you. This is a good result. You've got some great attorneys working on it."
- In *Steinberg v. Nationwide Mutual Insurance Co.* (E.D.N.Y. 2004), Judge Spatt, granting class certification and appointing the Firm as class counsel, observed: "The Pomerantz firm has a strong reputation as class counsel and has demonstrated its competence to serve as class counsel in this motion for class certification." (224 F.R.D. 67, 766.)
- In *Mercury Savings & Loan*, No. 90-cv-00087 LHM (C.D. Cal. 1993), Judge McLaughlin commended the Firm for the "absolutely extraordinary job in this litigation."

- In *Boardwalk Marketplace Securities Litigation*, MDL No. 712 (D. Conn.), Judge Eginton described the Firm's services as "exemplary," praised it for its "usual fine job of lawyering ...[in] an extremely complex matter," and concluded that the case was "very well-handled and managed." (Tr. at 6, 5/20/92; Tr. at 10, 10/10/92.)
- In *Nodar v. Weksel*, No. 84 Civ. 3870 (S.D.N.Y.), Judge Broderick acknowledged "that the services rendered [by Pomerantz] were excellent services from the point of view of the class represented, [and] the result was an excellent result." (Tr. at 21-22, 12/27/90.)
- In *Klein v. A.G. Becker Paribas, Inc.*, No. 83 Civ. 6456 (S.D.N.Y.), Judge Goettel complimented the Firm for providing "excellent ...absolutely top-drawer representation for the class, particularly in light of the vigorous defense offered by the defense firm." (Tr. at 22, 3/6/87.)
- In *Digital Securities Litigation*, No. 83-3255 (D. Mass.), Judge Young lauded the Firm for its "[v]ery fine lawyering." (Tr. at 13, 9/18/86.)
- In *Shelter Realty Corp. v. Allied Maintenance Corp.*, 75 F.R.D. 34, 40 (S.D.N.Y. 1977), Judge Frankel, referring to Pomerantz, said: "Their experience in handling class actions of this nature is known to the court and certainly puts to rest any doubt that the absent class members will receive the quality of representation to which they are entitled."
- In *Rauch v. Bilzerian*, No. 88 Civ. 15624 (N.J. Sup. Ct.), the court, after trial, referred to Pomerantz partners as "exceptionally competent counsel," and as having provided "top drawer, topflight [representation], certainly as good as I've seen in my stay on this court."

Corporate Governance Litigation

Pomerantz is committed to ensuring that companies adhere to responsible business practices and practice good corporate citizenship. We strongly support policies and procedures designed to give shareholders the ability to oversee the activities of a corporation. We vigorously pursue corporate governance reform, particularly in the area of excess compensation, where it can address the growing disparity between the salaries of executives and the workers of major corporations. We have successfully utilized litigation to bring about corporate governance reform in numerous cases, and always consider whether such reforms are appropriate before any case is settled.

Pomerantz's Corporate Governance Practice Group, led by Partner Gustavo F. Bruckner, enforces shareholder rights and prosecutes actions challenging corporate transactions that arise from an unfair process or result in an unfair price for shareholders.

In September 2017, New Jersey Superior Court Judge Julio Mendez, of Cape May County Chancery Division, approved Pomerantz's settlement in a litigation against Ocean Shore Holding Co. The settlement provided non-pecuniary benefits for a non-opt out class. In so doing, Judge Mendez became the first New Jersey state court judge to formally adopt the Third Circuit's nine-part *Girsh* factors, *Girsh v. Jepsen*, 521 F.2d 153 (3d Cir. 1975). There has never before been a published New Jersey state court opinion setting out the factors a court must consider in evaluating whether a class action settlement should be determined to be fair and adequate. After conducting an analysis of each of the nine *Girsh* factors and holding that "class actions settlements involving non-monetary benefits to the class are subject to more exacting scrutiny," Judge Mendez held that the proposed settlement provided a material benefit to the shareholders.

In February 2018, the Maryland Circuit Court, Montgomery County, approved a \$17.5 million settlement that plaintiffs achieved as additional consideration on behalf of a class of shareholders of American Capital, Ltd. *In re Am. Capital, Ltd. S'holder Litig.*, C.A. No. 422598-V (2018). The settlement resolved Plaintiffs' claims regarding a forced sale of American Capital.

Pomerantz filed an action challenging the sale of American Capital, a Delaware corporation with its headquarters in Maryland. Among other things, American Capital's board of directors (the "Board") agreed to sell the company at a price below what two other bidders were willing to offer. Worse, the merger price was even below the amount that shareholders would have received in the company's planned phased liquidation, which the company was considering under pressure from Elliott Management, an activist hedge fund and holder of approximate 15% of American Capital stock. Elliott was not originally named as a defendant, but after initial discovery showed the extent of its involvement in the Board's breaches of fiduciary duty, Elliott was added as a defendant in an amended complaint under the theory that Elliott exercised actual control over the Board's decision-making. Elliott moved to dismiss on jurisdictional grounds and additionally challenged its alleged status as a controller of American Capital. In June 2017, minutes before the hearing on defendants' motion to dismiss, a partial settlement was entered into with the members of the Board for \$11.5 million. The motion to dismiss hearing proceeded despite the partial settlement, but only as to Elliott. In July 2017, the court denied the motion to dismiss, finding that Elliott, "by virtue solely of its own conduct, ... has easily satisfied the transacting business prong of the Maryland long arm statute." The court also found that the "amended complaint in this case sufficiently pleads that Elliott was a controller with respect to" the sale, thus implicating a higher standard of review. Elliott subsequently settled the remaining claims for an additional \$6 million. Pomerantz served as Co-Lead Counsel.

In May 2017, the Circuit Court of the State of Oregon approved the settlement achieved by Pomerantz and co-counsel of a derivative action brought by two shareholders of Lithia Motors, Inc. The lawsuit alleged breach of fiduciary duties by the board of directors in approving, without any meaningful review, the Transition Agreement between Lithia Motors and Sidney DeBoer, its founder, controlling shareholder, CEO, and Chairman, who was stepping down as CEO. DeBoer and his son, the current CEO, Bryan DeBoer, negotiated virtually all the material terms of the Agreement, by which the company agreed to pay the senior DeBoer \$1,060,000 and a \$42,000 car allowance annually for the rest of his life, plus other benefits, in addition to the \$200,000 per year that he would receive for continuing to serve as Chairman.

The *Lithia* settlement extracted corporate governance therapeutics that provide substantial benefits to Lithia and its shareholders and redress the wrongdoing alleged by plaintiffs. The board will now be required to have at least five independent directors -- as defined under the New York Stock Exchange rules -- by 2020; a number of other new protocols will be in place to prevent self-dealing by board members. Further, the settlement calls for the Transition Agreement to be reviewed by an independent auditor who will determine whether the annual payments of \$1,060,000 for life to Sidney DeBoer are reasonable. Lithia has agreed to accept whatever decision the auditor makes.

In January 2017, the Group received approval of the Delaware Chancery Court for a \$5.6 million settlement it achieved on behalf of a class of shareholders of Physicians Formula Holdings Inc. over an ignored merger offer in 2012. *In re Physicians Formula Holdings Inc.*, C.A. No. 7794-VCL (Del. Ch.).

The Group obtained a landmark ruling in *Strougo v. Hollander*, C.A. No. 9770-CB (Del. Ch.), that fee-shifting bylaws adopted after a challenged transaction do not apply to shareholders affected by the transaction. They were also able to obtain a 25% price increase for members of the class cashed out in the going private transaction.

In *Miller v. Bolduc*, No. SUCV 2015-00807 (Mass. Super. Ct.), the Group caused Implant Sciences to hold its first shareholder annual meeting in five years and put an important compensation grant up for a shareholder vote.

In *Smollar v. Potarazu*, C.A. No. 10287-VCN (Del. Ch.), the Group pursued a derivative action to bring about the appointment of two independent members to the board of directors, retention of an independent auditor, dissemination of financials to shareholders and the holding of first ever in-person annual meeting, among other corporate therapeutics.

In *Hallandale Beach Police Officers & Firefighters' Personnel Retirement Fund vs. Lululemon athletica, Inc.*, C.A. No. 8522-VCN (Del. Ch.), in an issue of first impression in Delaware, the Chancery Court ordered the production of the chairman's 10b5-1 stock trading plan. The court found that a stock trading plan established by the company's chairman, pursuant to which a broker, rather than the chairman himself, would liquidate a portion of the chairman's stock in the company, did not preclude potential liability for insider trading.

In *Strougo v. North State Bancorp*, No. 15 CVS 14696 (N.C. Super. Ct.), the Group caused the Merger Agreement to be amended to provide a "majority of the minority" provision for the holders of North State Bancorp's common stock in connection with the shareholder vote on the merger. As a result of the Action, common shareholders could stop the merger if they did not wish it to go forward.

Pomerantz's commitment to advancing sound corporate governance principles is further demonstrated by the more than 26 years that we have co-sponsored the Abraham L. Pomerantz Lecture Series with Brooklyn Law School. These lectures focus on critical and emerging issues concerning shareholder rights and corporate governance and bring together top academics and litigators.

Our bi-monthly newsletter, *The Pomerantz Monitor*, provides institutional investors updates and insights on current issues in corporate governance.

Strategic Consumer Litigation

Pomerantz's Strategic Consumer Litigation practice group, led by Partner Jordan Lurie, represents consumers in actions that seek to recover monetary and injunctive relief on behalf of class members while also advocating for important consumer rights. The attorneys in this group have successfully prosecuted claims involving California's Unfair Competition Law, California's Consumers Legal Remedies Act, the Song Beverly Consumer Warranty Act and the Song Beverly Credit Card Act. They have resolved data breach privacy cases and cases involving unlawful recording, illegal background checks, unfair business practices, misleading advertising, and other consumer finance related actions. All of these actions also have resulted in significant changes to defendants' business practices.

Pomerantz currently represents consumers in a nationwide class action against Facebook for mistargeting ads. Plaintiff alleges that Facebook programmatically displays a material percentage of ads to users outside the defined target market and displays ads to “serial Likers” outside the defined target audience in order to boost Facebook’s revenue. *IntegrityMessageBoards.com v. Facebook, Inc.* (N.D. Cal.) Case No. 4:18 -cv-05286 PJH.

Pomerantz has pioneered litigation to establish claims for public injunctive relief under California’s unfair business practices statute. For example, Pomerantz has filed cases seeking to prevent major auto manufacturers from unauthorized access to, and use of, drivers’ vehicle data without compensation, and seeking to require the auto companies to share diagnostic data extracted from drivers’ vehicles. The Strategic Consumer Litigation practice group also is prosecuting class cases against auto manufacturers for failing to properly identify high-priced parts that must be covered in California under extended emissions warranties.

Other consumer matters handled by Pomerantz’s Strategic Consumer Litigation practice group include actions involving cryptocurrency, medical billing, price fixing, and false advertising of various consumer products and services.

Antitrust Litigation

Pomerantz has earned a reputation for prosecuting complex antitrust and consumer class actions with vigor, innovation, and success. Pomerantz’s Antitrust and Consumer Group has recovered billions of dollars for the Firm’s business and individual clients and the classes that they represent. Time and again, Pomerantz has protected our free-market system from anticompetitive conduct such as price fixing, monopolization, exclusive territorial division, pernicious pharmaceutical conduct, and false advertising. Pomerantz’s advocacy has spanned across diverse product markets, exhibiting the Antitrust and Consumer Group’s versatility to prosecute class actions on any terrain.

Pomerantz has served and is currently serving in leadership or Co-Leadership roles in several high-profile multi-district litigation class actions. In December 2018, the Firm achieved a \$31 billion partial settlement with three defendants on behalf of a class of U.S. lending institutions that originated, purchased or held loans paying interest rates tied to the U.S. Dollar London Interbank Offered Rate (USD LIBOR). It is alleged that the class suffered damages as a result of collusive manipulation by the LIBOR contributor panel banks that artificially suppressed the USD LIBOR rate during the class period, causing the class members to receive lower interest payments than they would have otherwise received. *In re Libor Based Financial Instruments Antitrust Litig.*, 1:11-md-2262.

Pomerantz represented baseball and hockey fans in a game-changing antitrust class action against Major League Baseball and the National Hockey League, challenging the exclusive territorial division of live television broadcasts, internet streaming, and the resulting geographic blackouts. *See Laumann v. NHL and Garber v. MLB* (S.D.N.Y. 2012).

Pomerantz has spearheaded the effort to challenge harmful anticompetitive conduct by pharmaceutical companies—including Pay-for-Delay Agreements—that artificially inflates the price of prescription drugs by keeping generic versions off the market.

Even prior to the 2013 precedential U.S. Supreme Court decision in *Actavis*, Pomerantz litigated and successfully settled the following generic-drug-delay cases:

- *In re Flonase Antitrust Litig.* (E.D. Pa. 2008) (\$35 million);
- *In re Toprol XL Antitrust Litig.* (D. Del. 2006) (\$11 million); and
- *In re Wellbutrin SR Antitrust Litig.* (E.D. Pa. 2004) (\$21.5 million).

Other exemplary victories include Pomerantz's prominent role in *In re NASDAQ Market-Makers Antitrust Litigation* (S.D.N.Y.), which resulted in a settlement in excess of \$1 billion for class members, one of the largest antitrust settlements in history. Pomerantz also played prominent roles in *In re Sorbates Direct Purchaser Antitrust Litigation* (N.D. Cal.), which resulted in over an \$82 million recovery, and in *In re Methionine Antitrust Litigation* (N.D. Cal.), which resulted in a \$107 million recovery. These cases illustrate the resources, expertise, and commitment that Pomerantz's Antitrust Group devotes to prosecuting some of the most egregious anticompetitive conduct.

Jeremy A. Lieberman

Jeremy A. Lieberman is Pomerantz's Managing Partner. He became associated with the Firm in August 2004 and was elevated to Partner in January 2010. The Legal 500, in honoring Jeremy as a Leading Lawyer and Pomerantz as a 2021 Tier 1 Plaintiffs Securities Law Firm, stated that "Jeremy Lieberman is super impressive – a formidable adversary for any defense firm." Among the client testimonials posted on The Legal 500's website: "Jeremy Lieberman led the case for us with remarkable and unrelenting energy and aggression. He made a number of excellent strategic decisions which boosted our recovery." Lawdragon named Jeremy among the 2021 Leading 500 Lawyers in the United States. Super Lawyers® named him among the Top 100 Lawyers in the New York Metro area in 2021. In 2020, Jeremy won a Distinguished Leader award from the *New York Law Journal*. He was honored as Benchmark Litigation's 2019 Plaintiff Attorney of the Year. In 2018, Jeremy was honored as a Titan of the Plaintiffs Bar by Law360 and as a Benchmark Litigation Star. The Pomerantz team that Jeremy leads was named a 2018 Securities Practice Group of the Year.

Jeremy led the securities class action litigation *In re Petrobras Securities Litigation*, which arose from a multi-billion-dollar kickback and bribery scheme involving Brazil's largest oil company, Petróleo Brasileiro S.A. – Petrobras, in which Pomerantz was sole Lead Counsel. The biggest instance of corruption in the history of Brazil ensnared not only Petrobras' former executives but also Brazilian politicians, including former president Lula da Silva and one-third of the Brazilian Congress. In January and February 2018, Jeremy achieved a historic \$3 billion settlement for the Class. This is not only the largest securities class action settlement in a decade but is the largest settlement ever in a securities class action involving a foreign issuer, the fifth-largest securities class action settlement ever achieved in the United States, the largest securities class action settlement achieved by a foreign Lead Plaintiff, and the largest securities class action settlement in history not involving a restatement of financial reports.

Jeremy also secured a significant victory for Petrobras investors at the Second Circuit Court of Appeals, when the court rejected the heightened ascertainability requirement for obtaining class certification that had been imposed by the Third Circuit Courts of Appeals. The ruling will have a positive impact on plaintiffs in securities fraud litigation. Indeed, the *Petrobras* litigation was honored in 2019 as a National Impact Case by Benchmark Litigation.

Jeremy was Lead Counsel in *Pirnik v. Fiat Chrysler Automobiles N.V. et al.*, No. 1:15-cv-07199-JMF (S.D.N.Y.), in which the Firm achieved a \$110 million settlement for the class. Plaintiff alleged that Fiat Chrysler concealed from investors that it improperly outfitted its diesel vehicles with “defeat device” software designed to cheat NOx emissions regulations in the U.S. and Europe, and that regulators had accused Fiat Chrysler of violating the emissions regulations. The *Fiat Chrysler* recovery provided the class of investors with as much as 20% of recoverable damages—an excellent result when compared to historical statistics in class action settlements, where typical recoveries for cases of this size are between 1.6% and 3.3%.

In November 2019, Jeremy achieved a critical victory for investors in the securities fraud class action against Perrigo Co. plc when Judge Arleo of the United States District Court for the District of New Jersey certified classes of investors that purchased Perrigo securities on both the New York Stock Exchange and the Tel Aviv Stock Exchange. Pomerantz represents a number of institutional investors that purchased Perrigo securities on both exchanges after an offer by Mylan N.V. to tender Perrigo shares. This is the first time since *Morrison* that a U.S. court has independently analyzed the market of a security traded on a non-U.S. exchange and found that it met the standards of market efficiency necessary allow for class certification.

Jeremy heads the Firm’s individual action against pharmaceutical giant Teva Pharmaceutical Industries Ltd. and Teva Pharmaceuticals USA, Inc. (together, “Teva”), and certain of Teva’s current and former employees and officers, relating to alleged anticompetitive practices in Teva’s sales of generic drugs. Teva is a dual-listed company, and the Firm represents several Israeli institutional investors who purchased Teva shares on the Tel Aviv Stock Exchange. In early 2021, Pomerantz achieved a major victory for global investors when the district court agreed to exercise supplemental jurisdiction over the Israeli law claims. *Clal Insurance Company Ltd. v. Teva Pharmaceutical Industries Ltd.*

In 2019, Jeremy achieved a \$27 million settlement for the Class in *Strougo v. Barclays PLC*, a high-profile securities class action in which Pomerantz was Lead Counsel. Plaintiffs alleged that Barclays PLC misled institutional investors about the manipulation of the banking giant’s so-called “dark pool” trading systems in order to provide a trading advantage to high-frequency traders over its institutional investor clients. This case turned on the duty of integrity owed by Barclays to its clients. In November 2017, Jeremy achieved precedent-setting victories for investors, when the Second Circuit Court of Appeals held that direct evidence of price impact is not always necessary to demonstrate market efficiency to invoke the presumption of reliance, and that defendants seeking to rebut the presumption of reliance must do so by a preponderance of the evidence rather than merely meeting a burden of production.

Jeremy led the Firm’s securities class action litigation against Yahoo! Inc., in which Pomerantz, as Lead Counsel, achieved an \$80 million settlement for the Class in 2018. The case involved the biggest data breaches in U.S. history, in which over 3 billion Yahoo accounts were compromised. This was the first significant settlement to date of a securities fraud class action filed in response to a data breach.

In 2018 Jeremy achieved a \$3,300,000 settlement for the Class in the Firm's securities class action against Corinthian Colleges, one of the largest for-profit college systems in the country, for alleged misrepresentations about its job placement rates, compliance with applicable regulations, and enrollment statistics. Pomerantz prevailed in the motion to dismiss the proceedings, a particularly noteworthy victory because Chief Judge George King of the Central District of California had dismissed two prior lawsuits against Corinthian with similar allegations. *Erickson v. Corinthian Colleges, Inc.* (C.D. Cal.).

Jeremy led the Firm's litigation team that in 2018 secured a \$31 million partial settlement with three defendants in *In re Libor Based Financial Instruments Antitrust Litigation*, a closely watched multi-district litigation, which concerns the London Interbank Offered Rate (LIBOR) rigging scandal.

In *In re China North East Petroleum Corp. Securities Litigation*, Jeremy achieved a significant victory for shareholders in the United States Court of Appeals for the Second Circuit, whereby the Appeals Court ruled that a temporary rise in share price above its purchase price in the aftermath of a corrective disclosure did not eviscerate an investor's claim for damages. The Second Circuit's decision was deemed "precedential" by the *New York Law Journal* and provides critical guidance for assessing damages in a § 10(b) action.

Jeremy had an integral role in *In re Comverse Technology, Inc. Securities Litigation*, in which he and his partners achieved a historic \$225 million settlement on behalf of the Class, which was the second-largest options backdating settlement to date.

Jeremy regularly consults with Pomerantz's international institutional clients, including pension funds, regarding their rights under the U.S. securities laws. Jeremy is working with the Firm's international clients to craft a response to the Supreme Court's ruling in *Morrison v. National Australia Bank, Ltd.*, which limited the ability of foreign investors to seek redress under the federal securities laws.

Jeremy is a frequent lecturer worldwide regarding current corporate governance and securities litigation issues.

Jeremy graduated from Fordham University School of Law in 2002. While in law school, he served as a staff member of the *Fordham Urban Law Journal*. Upon graduation, he began his career at a major New York law firm as a litigation associate, where he specialized in complex commercial litigation.

Jeremy is admitted to practice in New York; the United States District Courts for the Southern and Eastern Districts of New York, the Southern District of Texas, the District of Colorado, the Eastern District of Michigan, the Eastern District of Wisconsin, and the Northern District of Illinois; the United States Courts of Appeals for the First, Second, Third, Fourth, Fifth, Sixth, Ninth, and Tenth Circuits; and the United States Supreme Court.

Gustavo F. Bruckner

Gustavo F. Bruckner heads Pomerantz's Corporate Governance practice group, which enforces shareholder rights and prosecutes litigation challenging corporate actions that harm shareholders. Under Gustavo's leadership, the Corporate Governance group has achieved numerous noteworthy litigation successes. He has been quoted on corporate governance issues by *The New York Times*, *The*

Wall Street Journal, *Bloomberg*, *Law360*, and *Reuters*, and was honored from 2016 through 2021 by Super Lawyers® as a “Top-Rated Securities Litigation Attorney,” a recognition bestowed on no more than 5% of eligible attorneys in the New York Metro area. Gustavo regularly appears in state and federal courts across the nation. Gustavo presented at the prestigious Institute for Law and Economic Policy conference.

Gustavo is a fierce advocate of aggressive corporate clawback policies that allow companies to recover damages from officers and directors for reputational and financial harm. Most recently, in *McIntosh vs Keizer, et al.*, Docket No. 2018-0386 (Del. Ch.), Pomerantz filed a derivative suit on behalf of Hertz Global Holdings, Inc. shareholders, seeking to compel the Hertz board of directors to claw back millions of dollars in unearned and undeserved payments that the Company made to former officers and directors who significantly damaged Hertz through years of wrongdoing and misconduct. Under pressure from plaintiff’s litigation efforts, the Hertz board of directed elected to take unprecedented action and mooted plaintiff’s claims, initiating litigation to recover tens of millions of dollars in incentive compensation and more than \$200 million in damages from culpable former Hertz executives.

Pomerantz through initiation and prosecution of a shareholder derivative action, forced the Hertz board to seek clawback from former officers and directors of the company, unjustly enriched after causing the Company to file inaccurate and false financial statements leading to a \$235 million restatement and \$16 million fee to the SEC.

In September 2017, Gustavo’s Corporate Governance team achieved a settlement in New Jersey Superior Court that provided non-pecuniary benefits for a non-opt out class. In approving the settlement, Judge Julio Mendez, of Cape May County Chancery Division, became the first New Jersey state court judge to formally adopt the Third Circuit’s nine-part *Girsh* factors, *Girsh v. Jepsen*, 521 F.2d 153 (3d Cir. 1975). Never before has there been a published New Jersey state court opinion setting out the factors a court must consider in evaluating whether a class action settlement should be determined to be fair and adequate.

Gustavo successfully argued *Strougo v. Hollander*, C.A. No. 9770-CB (Del. Ch. 2015), obtaining a landmark ruling in Delaware that bylaws adopted after shareholders are cashed out do not apply to shareholders affected by the transaction. In the process, Gustavo and the Corporate Governance team beat back a fee-shifting bylaw and were able to obtain a 25% price increase for members of the class cashed out in the “going private” transaction. Shortly thereafter, the Delaware Legislature adopted legislation to ban fee-shifting bylaws.

In *Stein v. DeBoer* (Or. Cir. Ct. 2017), Gustavo and the Corporate Governance group achieved a settlement that provides significant corporate governance therapeutics on behalf of shareholders of Lithia Motors, Inc. The company’s board had approved, without meaningful review, the Transition Agreement between the company and Sidney DeBoer, its founder, controlling shareholder, CEO, and Chairman, who was stepping down as CEO. DeBoer and his son, the current CEO, negotiated virtually all the material terms of the Agreement, by which the company agreed to pay the senior DeBoer \$1,060,000 and a \$42,000 car allowance annually for the rest of his life, plus other benefits, in addition to the \$200,000 per year that he would receive for continuing to serve as Chairman.

In *Miller v. Bolduc*, No. SUCV 2015-00807 (Mass. Sup. Ct. 2015), Gustavo and the Corporate Governance group, by initiating litigation, caused Implant Sciences to hold its first shareholder annual meeting in 5 years and to place an important compensation grant up for a shareholder vote.

In *Strougo v. North State Bancorp*, No. 15 CVS 14696 (N.C. Super. Ct. 2015), Gustavo and the Corporate Governance team caused the North State Bancorp merger agreement to be amended to provide a “majority of the minority” provision for common shareholders in connection with the shareholder vote on the merger. As a result of the action, common shareholders had the ability to stop the merger if they did not wish it to go forward.

In *Hallandale Beach Police Officers and Firefighters’ Personnel Retirement Fund vs. Lululemon athletica, Inc.*, C.A. No. 8522-VCP (Del. Ch. 2014), in an issue of first impression in Delaware, Gustavo successfully argued for the production of the company chairman’s Rule 10b5-1 stock trading plan. The court found that a stock trading plan established by the company's chairman, pursuant to which a broker, rather than the chairman himself, would liquidate a portion of the chairman's stock in the company, did not preclude potential liability for insider trading.

Gustavo was Co-Lead Counsel in *In re Great Wolf Resorts, Inc. Shareholders Litigation*, C.A. No. 7328-VCN (Del. Ch. 2012), obtaining the elimination of stand-still provisions that allowed third parties to bid for Great Wolf Resorts, Inc., resulting in the emergence of a third-party bidder and approximately \$94 million (57%) in additional merger consideration for Great Wolf shareholders.

Gustavo received his law degree in 1992 from the Benjamin N. Cardozo School of Law, where he served as an editor of the Moot Court Board and on the Student Council. Upon graduation, he received the award for outstanding student service.

After graduating law school, Gustavo served as Chief-of-Staff to a New York City legislator.

Gustavo is a Mentor and Coach to the NYU Stern School of Business, Berkley Center for Entrepreneurial Studies, New Venture Competition. He was a University Scholar at NYU where he obtained a B.S. in Marketing and International Business in 1988 and an MBA in Finance and International Business in 1989.

Emma Gilmore

Emma Gilmore is a Partner at Pomerantz and is regularly involved in high-profile class-action litigation. In 2022, Benchmark Litigation shortlisted her for Plaintiff Attorney of the Year. In 2021, Emma was awarded a spot on *National Law Journal's* prestigious Elite Women of the Plaintiffs Bar list. In 2021 and 2020, she was named by Benchmark Litigation as one of the Top 250 Women in Litigation — an honor bestowed on only seven plaintiffs' lawyers in the U.S. those years. The *National Law Journal* and the *New York Law Journal* honored her as a "Plaintiffs' Lawyer Trailblazer". Emma was honored by Law360 in 2018 as an MVP in Securities Litigation, part of an "elite slate of attorneys [who] have distinguished themselves from their peers by securing hard-earned successes in high-stakes litigation, complex global matters and record-breaking deals." Only up to six attorneys nationwide are selected each year as MVPs in Securities Litigation. Emma is the first woman plaintiff attorney to receive this outstanding award since it was initiated in 2011. Emma has been honored since 2018 as a Super Lawyer®. She has been recognized by Lawdragon as one of the top 500 Leading Plaintiff Financial Lawyers.

Emma is regularly invited to speak about recent trends and developments in securities litigation. She serves on the New York City Bar Association's Securities Litigation Committee. Emma regularly counsels clients around the world on how to maximize recoveries on their investments.

Emma played a leading role in the Firm's class action case in the Southern District of New York against Brazil's largest oil company, Petrobras, arising from a multi-billion-dollar kickback and bribery scheme, in which the Firm was sole Lead Counsel. In a significant victory for investors, Pomerantz achieved a historic \$3 billion settlement with Petrobras. This is not only the largest securities class action settlement in a decade but is the largest settlement ever in a class action involving a foreign issuer, the fifth-largest class action settlement ever achieved in the United States, and the largest settlement achieved by a foreign lead plaintiff. The biggest instance of corruption in the history of Brazil had ensnared not only Petrobras' former executives but also Brazilian politicians, including former president Lula da Silva and one-third of the Brazilian Congress. Emma traveled to Brazil to uncover evidence of fraud and drafted the complaint. She deposed and defended numerous fact and expert witnesses, including deposing the former CEO of Petrobras, the whistleblower, and the chief accountant. She drafted the appellate brief, playing an instrumental role in securing a significant victory for investors in this case at the Second Circuit Court of Appeals, when the Court rejected the heightened ascertainability requirement for obtaining class certification that had been imposed by other circuit courts. She opposed defendants' petition for a writ of certiorari to the Supreme Court. Emma successfully obtained sanctions against a professional objector challenging the integrity of the settlement, both in the District Court and in the Court of Appeals for the Second Circuit.

Emma organized a group of twenty-seven of the foremost U.S. scholars in the field of evidence and spearheaded the effort to submit an amicus brief to the U.S. Supreme Court on their behalf in a critical issue for investors. One of the two pending issues before the High Court in *Goldman Sachs Group Inc. et*

al v. Arkansas Teachers Retirement System, et al. (No. 20-222) squarely affected investors' ability to pursue claims collectively as a class: whether, in order to rebut the presumption of reliance originated by the Court in the landmark *Basic v. Levinson* decision, defendants bear the burden of persuasion, or whether they bear only the much lower burden of production. The scholars argued that defendants carry the higher burden of persuasion. In a 6-3 decision, the Supreme Court sided with Pomerantz and the scholars.

Emma led the Firm's class action litigation against Deutsche Bank and its executives, arising from the Bank's improper anti-money-laundering and know-your-customer procedures. Plaintiffs alleged that, despite the Bank's representations that it implemented a "robust and strict" Know Your Customer program with "special safeguards" for politically exposed persons (PEPs), defendants repeatedly exempted high-net-worth individuals and PEPs from any meaningful due diligence, enabling their criminal activities through the Bank's facilities. For example, Deutsche Bank continued "business as usual" with Jeffrey Epstein even after learning that 40 underage girls had come forward with testimony that he had sexually assaulted them. Deutsche Bank's former CEOs also onboarded, retained, and serviced Russian oligarchs and other clients reportedly engaged in criminal activities, with little or no due diligence. On October 20, 2022, Emma secured for investors nearly 50% of recoverable damages, which reflects a premium for the palpable misconduct and is exceptionally high for securities class action settlements. The Deutsche Bank litigation and settlement serve as important legal precedents aimed to deter financial institutions from enabling the wealthy and powerful to commit crimes in return for financial benefits to the institutions.

Emma co-leads the Firm's securities class action against Amazon arising from the behemoth's anti-competitive practices, which are also the subject of investigations by the U.S Congress and foreign regulators. Amazon is accused of misrepresenting its business dealing with third-party sellers on its market platform. Unbeknownst to investors, Amazon repeatedly misappropriated third-party sellers' data to create competing products, tied and bundled its products, exploited its power over third party sellers and favored its private-label products to the detriment of third-party sellers and consumers. The lawsuit seeks to recover billions of dollars in damages on behalf of defrauded investors.

Emma played a leading role in *Strougo v. Barclays PLC*, a high-profile securities class action that alleged Barclays PLC misled institutional investor clients about the extent of the banking giant's use of so-called "dark pool" trading systems. She secured an important precedent-setting opinion from the Second Circuit. Emma organized a group of leading evidence experts who filed amicus briefs supporting plaintiffs' position in the Second Circuit.

Emma secured a unanimous decision by a panel of the Ninth Circuit Court of Appeals, benefiting defrauded investors in *Costa Brava Partnership III LP v. ChinaCast Education Corp.* In an issue of first impression, the Ninth Circuit held that imputation of the CEO's scienter to the company was warranted vis-a-vis innocent third parties, despite the fact that the executive acted for his own benefit and to the company's detriment.

She has also devoted a significant amount of time to pro bono matters. She played a critical role in securing a unanimous ruling by the Arkansas Supreme Court striking down as unconstitutional a state law banning cohabiting individuals from adopting children or serving as foster parents. The ruling was a relief for the 1,600-plus children in the state of Arkansas who needed a permanent family. The litigation generated significant publicity, including coverage by the *Arkansas Times*, the *Wall Street Journal*, and the *New York Times*.

She is Lead Counsel in the Firm's class action litigation against Arconic, arising from the deadliest U.K. fire in more than a century. Arconic is the U.S. company that manufactured the highly flammable aluminum cladding allegedly responsible for the inferno that eradicated the public housing, killing 71 people and injuring over 70 other tenants. Arconic repeatedly misrepresented to the market its safety protocols and the safety classification of its cladding products. When the truth about Arconic's unsafe practices emerged, investors lost over \$1 billion in damages.

Before joining Pomerantz, Emma was a litigation associate with the firms of Skadden, Arps, Slate, Meagher and Flom, LLP, and Sullivan & Cromwell, LLP. She worked on the *WorldCom Securities Litigation*, which settled for \$2 billion.

She also served as a law clerk to the Honorable Thomas C. Platt, former U.S. Chief Judge for the Eastern District of New York.

Emma graduated *cum laude* from Brooklyn Law School, where she served as a staff editor for the *Brooklyn Law Review*. She was the recipient of two CALI Excellence for the Future Awards, in the subjects of evidence and discovery. She graduated *summa cum laude* from Arizona State University, with a BA in French and a minor in Business.

She serves on the Firm's Anti-Harassment and Discrimination Committee.

Michael Grunfeld

Michael Grunfeld joined Pomerantz in July 2017 as Of Counsel and was elevated to Partner in 2019.

Michael has extensive experience in securities, complex commercial, and white-collar matters in federal and state courts around the country.

He has played a leading role in some of the Firm's significant class action litigation, including its case against Yahoo! Inc. arising out of the biggest data breaches in U.S. history, in which the Firm, as Lead Counsel, achieved an \$80 million settlement on behalf of the Class. This settlement made history as the first substantial shareholder recovery in a securities fraud class action related to a cybersecurity breach. Michael also plays a leading role in many of the Firm's other ongoing class actions.

Michael is an honoree of Benchmark Litigation's 40 & Under Hot List 2020, 2021, and 2022, granted to a few of the "best and brightest law firm partners who stand out in their practices." “whose legal accomplishments transcend their age.” In 2020, 2021, and 2022, Michael was recognized by Super Lawyers® as a Top-Rated Securities Litigation Attorney;” in 2018 and 2019 he was honored as a New York Metro Rising Star.

Michael also leads Pomerantz’s litigation on behalf of the Colorado Public Employees’ Retirement System as an intervenor in *The Doris Behr 2012 Irrevocable Trust v. Johnson & Johnson*. At issue is an activist investor’s attempt to have Johnson & Johnson (“J&J”) shareholders vote on a proxy proposal instituting a corporate bylaw that would require all securities fraud claims against the company to be pursued through mandatory arbitration, and that would waive shareholder’s rights to bring securities class actions. In March 2022, the district court handed down an important victory for shareholders when it granted J&J’s and the Intervenors’ Motion to Dismiss the Third Amended Complaint.

Michael is the co-author of a chapter on damages in securities class actions in the LexisNexis treatise, *Litigating Securities Class Actions*.

Michael served as a clerk for Judge Ronald Gilman of the Sixth Circuit Court of Appeals and as a foreign law clerk for Justice Asher Grunis of the Israeli Supreme Court. Before joining Pomerantz, he was a litigation associate at Shearman & Sterling LLP and Paul, Weiss, Rifkind, Wharton & Garrison LLP.

Michael graduated from Columbia Law School in 2008, where he was a Harlan Fiske Stone Scholar and Submissions Editor of the Columbia Business Law Review. He graduated from Harvard University with an A.B. in Government, *magna cum laude*, in 2004.

Michael is admitted to practice in New York; the United States District Courts for the Southern and Eastern Districts of New York and the District of Colorado; and the United States Courts of Appeal for the Second, Third, Fourth, Sixth, Ninth, and Tenth Circuits.

Omar Jafri

Omar Jafri is a Partner at Pomerantz. He represents defrauded investors in individual and class action securities litigation. In 2021, Omar was recognized by the *National Law Journal* as a Rising Star of the Plaintiffs' Bar. The *National Law Journal* selected lawyers who "demonstrated repeated success in cutting-edge work on behalf of plaintiffs over the last 18 months [and] possess a solid track record of client wins over the past three to five years." In 2021, 2022 and 2023, Omar was recognized by Super Lawyers® as a Rising Star in Securities Litigation.

Omar has played an integral role in numerous cases where the Firm achieved significant recoveries for defrauded shareholders as Lead, Co-Lead or Additional Counsel, including: *In re Chicago Bridge & Iron Co. N.V. Securities Litigation* (\$44 million recovery); *In re Juno Therapeutics, Inc. Securities Litigation* (\$24 million recovery); *In re Aveo Pharmaceuticals, Inc. Securities Litigation* (\$18 million recovery, which was more than four times larger than the SEC's fair fund recovery in its parallel litigation); *Sudunagunta v. NantKwest, Inc.* (\$12 million settlement); *Cooper v. Thoratec Corporation et. al.* (\$11.9 million settlement following a reversal in the United States Court of Appeals for the Ninth Circuit after the lower court repeatedly dismissed the case); *Thomas v. In *Roofer's Pension Fund v. Papa et. al.*, the District Court independently analyzed the market of a security traded on a foreign exchange and found that it met the standards of market efficiency to allow for class certification for the first time since the U.S. Supreme Court decided *Morrison*. *Nabriva* was the first case in the Second Circuit to sustain a complaint based on the failure to disclose the FDA's serious criticisms identified in a Form 483 letter. And in *Yan v. ReWalk Robotics et. al.*, while the United States Court of Appeals for the First Circuit disagreed on the merits, the Circuit held that it is erroneous to dismiss a case for lack of standing when a named plaintiff can be substituted with another class member, shutting the door on such defense tactics in any future case filed in that Circuit.

Omar started his legal career at the height of the financial crisis in 2008, and has litigated major disputes on behalf of institutional investors arising out of the credit crisis, including disputes related to Collateralized Debt Obligations, Residential Mortgage-Backed Securities, Credit Default Swaps and other complex financial investments. Omar also represented the Examiner in the *Lehman Brothers* bankruptcy, the largest in history at the time, and helped draft a report that identified colorable claims against Lehman's senior executives for violating their fiduciary duties. He also has a robust *pro bono* criminal defense practice and has represented indigent defendants charged with crimes that range from simple battery to arson and murder.

Before joining Pomerantz, Omar was a law clerk to Judge William S. Duffey, Jr. of the United States District Court for the Northern District of Georgia, and an associate at an international law firm where he represented clients in a wide variety of matters, including securities litigation, complex commercial litigation, white collar criminal defense, and internal investigations.

Among his notable representations, Jordan served as Lead Counsel in the prosecution and successful resolution of major nationwide class actions against Nissan, Ford, Volkswagen, BMW, Toyota, Chrysler and General Motors. Securities Litigation* (\$18 million settlement, more than four times larger than the SEC's fair fund recovery in parallel litigation); *New Mexico State Investment Council v. Countrywide Financial Corp.* (very favorable confidential settlement); *New Mexico State Investment Council v. Cheslock Bakker & Associates* (summary judgment award in excess of \$30 million); *Sudunagunta v. NantKwest, Inc.* (\$12 million settlement); *Bruce v. Suntech Power Holdings Corp.* (\$5 million settlement); *In re AgFeed, Inc. Securities Litigation* (\$7 million settlement); and *In re Hemispherx BioPharma Securities Litigation* (\$2.75 million settlement). Securities Litigation* (\$20 million settlement).

Josh, together with Managing Partner Jeremy Lieberman, achieved a critical victory for investors in the securities fraud class action against Perrigo Co. plc when Judge Arleo of the United States District Court for the District of New Jersey certified classes of investors that purchased Perrigo securities on both the New York Stock Exchange and the Tel Aviv Stock Exchange. Pomerantz represents a number of institutional investors that purchased Perrigo securities on both exchanges after an offer by Mylan N.V. to tender Perrigo shares. This is the first time since *Morrison* that a U.S. court has independently analyzed the market of a security traded on a non-U.S. exchange, and found that it met the standards of market efficiency necessary allow for class certification.

Several of Josh's cases have set important precedent. For example, *In re MannKind* established that investors may support complaints with expert information. *New Mexico v. Countrywide* recognized that investors may show Section 11 damages for asset-backed securities even if there has been no interruption in payment or threat of default. More recently, *NantKwest* was the first Section 11 case in the nation to recognize statistical proof of traceability.

In addition to prosecuting cases, Josh regularly speaks at investor conferences and continuing legal education programs.

Before joining Pomerantz, Josh practiced at McGuireWoods LLP and its Chicago predecessor, Ross & Hardies, where he represented one of the largest independent futures commission merchants in commodities fraud and civil RICO cases. Md.), arising from a company's COVID-19 vaccine manufacturing failures, one of Matt's foreign pension fund clients serves as court-appointed lead plaintiff. Matt filed a robust amended complaint, based on confidential sources and extensive U.S. government documents, and has opposed the motion to dismiss, with a ruling expected in 2023.

- In *Edwards v. McDermott Int'l, Inc.*, No. 4:18-cv-4330-AB (S.D. Tex.), Matt successfully opposed a motion to dismiss a class action lawsuit, led by one of his foreign pension fund clients, alleging a years-long, multi-prong fraud by an engineering and construction company that did a risky merger, belatedly reported massive write-downs, and declared bankruptcy. Matt has secured court orders in discovery requiring defendants to review for production over 1.25 million documents identified by running plaintiff-authored search terms on plaintiff-selected custodians.

- In *Chun v. Fluor Corp., et al.*, No. 3:18-cv-01338-S (N.D. Tex.), with two of his U.S. municipal pension fund clients serving as co-lead plaintiffs, Matt served as co-lead counsel in hard-fought litigation concerning underperforming, large-scale, fixed-bid projects through two motions to dismiss. A months-long mediation and negotiation process resulted in a court-approved \$33 million settlement, which was a 37.5% recovery of the upheld claim value.

- In *Odonate Therapeutics, Inc., et al.*, No. 3:20-01828-H-LL (S.D. Cal.), Matt successfully opposed a motion to dismiss in a securities lawsuit arising from a pharmaceuticals company's failure to advance its lead drug candidate to FDA approval. Notably, the court held that defendants' scienter (intent) was sufficiently pled, even though they bought, rather than sold, company stock during the period of alleged fraud. A successful mediation resulted in a court-approved \$12.75 million settlement.

- In *In re BP p.l.c. Secs. Litig.*, No. 4:10-md-2185 (S.D. Tex.), where the court praised the "uniformly excellent" "quality of lawyering," Matt spearheaded lawsuits over BP's Gulf of Mexico oil spill by 125+ global institutional investors. Over 9 years, he successfully opposed three motions to dismiss, oversaw e-discovery of 1.75 million documents, led the Plaintiffs Steering Committee, was the sole interface with BP and the Court, and secured some of the Firm's most ground-breaking rulings. In a ruling of first impression, he successfully argued that investors asserted viable English law "holder claims" for losses due to retention of already-owned shares in reliance on a fraud, a theory barred under U.S. law since *Blue Chip Stamps v. Manor Drug Stores*, 421 U.S. 723 (1975). He successfully argued against *forum non conveniens* (wrong forum) dismissal of 80+ global institutions' lawsuits - the first ruling after *Morrison v. Nat'l Australia Bank Ltd.*, 130 S. Ct. 2869 (2010), to permit foreign investors to pursue in U.S. court their foreign law claims for losses in a foreign company's securities traded on a foreign exchange. He successfully argued that the U.S. Securities Litigation Uniform Standards Act of 1998 (SLUSA), which extinguishes U.S. state law claims in deference to the U.S. federal law, should not extend to the foreign law claims of U.S. and foreign investors, a ruling that

saved those claims from dismissal where U.S. federal law afforded no remedy after *Morrison*. In 2021, Matt achieved mediator-assisted, confidential, favorable monetary settlement for all 35 Firm clients including public and private pension funds, money management firms, partnerships, and trusts from the U.S., Canada, the U.K., France, the Netherlands, and Australia. Notably, seven of these plaintiffs were Matt's institutional clients from the U.S., U.K., and Canada.

- In *In re Toronto-Dominion Bank Securities Litigation*, No. 1:17-cv-01735 (D.N.J.), Matt pled a multi-year fraud arising at one of Canada's largest banks, based on extensive statements by former employees detailing underlying retail banking misconduct. Matt persuaded the court to reject a motion to dismiss in an order noteworthy because it validated the scienter (intent) pleading despite no witness speaking directly to the individual defendants' state of mind. The court approved a \$13.25 million class-wide settlement achieved after mediation.

- In *Perez v. Higher One Holdings, Inc., et al.*, No. 14-cv-00755-AWT (D. Conn.), Matt persuaded the court, after an initial dismissal, to uphold a second amended complaint asserting five threads of fraud by an education funding company and its founders and to approve a \$7.5 million class-wide settlement. Notably, the court held that the company's reported financial results violated SEC Regulation S-K, Item 303, for failure to disclose known trends and impacts from underlying misconduct – a rare ruling absent an accounting restatement.

- In *In re KaloBios Pharmaceuticals, Inc. Securities Litigation*, No. 15-cv-05841 (N.D. Cal.), a lawsuit against a bankrupt drug company and its jailed ex-CEO, Matt negotiated two class-wide settlements totaling \$3.25+ million, including cash payments and stock from the company, that were approved by the bankruptcy and district courts.

- In *In re Silvercorp Metals, Inc. Securities Litigation*, No. 1:12-cv-09456 (S.D.N.Y.), Matt worked with mining, accounting, damages, and market efficiency experts to survive a motion to dismiss by a Canadian company with mining operations in China and NYSE-traded stock. In approving the \$14 million settlement achieved after two mediations, Judge Rakoff called the case “unusually complex,” given the technical nature of mining metrics, the need to compare mining standards in Canada, China, and the U.S., and the volume of Chinese-language evidence.

Matt was also on the multi-firm team that represented commercial real estate investors against the Empire State Building's long-term lessees/operators regarding a consolidation, REIT formation, and IPO in *In re Empire State Realty Trust, Inc. Investor Litig.*, No. 650607/2012 (N.Y. Sup. Ct.), which was resolved for a \$55 million cash/securities settlement fund, a \$100 million tax benefit from restructured terms, remedial disclosures, and deal protections.

Matt regularly counsels institutional investors, foreign and domestic, regarding pending or potential complex litigation in the U.S. He is skilled at identifying potential securities frauds early, regularly providing clients with the first opportunity to evaluate and pursue their claims, and he has worked extensively with outside investment management firms retained by clients to identify a winning set of supporting evidence. When litigation is filed, he fully oversees its conduct and resolution, counseling

clients throughout every step of the process, while handling all significant motions and courtroom arguments. These skills have enabled him to sign numerous institutional clients for litigation and portfolio monitoring services, including public and private pension plans, investment management firms and sponsored investment vehicles, from both the U.S. and abroad. Matt's clients have spearheaded the Firm's litigation efforts in the *BP*, *Fluor*, *McDermott*, *Emergent*, and *Miniso* litigations discussed above.

Matt takes great pride in representing union clients. He got his own union card as a teenager (United Food & Commercial Workers International Union, Local 371), following in the footsteps of his grandfather (International Brotherhood of Teamsters, Local 560).

Before joining Pomerantz, Matt worked at a large full-service firm then plaintiff-side boutique firms in Boston and Connecticut, litigating complex business disputes and securities, consumer, and employment class actions. His pro bono work included securing Social Security benefits for a veteran with non-service-related disabilities.

Matt graduated from the Georgetown University Law Center in 1999, where he made the Dean's List. He graduated from Wesleyan University in 1995, and among his various volunteer activities, he served as President of the Wesleyan Lawyers Association from 2017-2020.

His has been named a *Super Lawyers*® "Top-Rated Securities Litigation Attorney" (2016-present), *Benchmark* Litigation Star (2021-present), *Legal 500* Recommended Securities Litigator (2016, 2021), *American Lawyer* Northeast Trailblazer (2021), *Lawdragon* Leading Plaintiff Financial Lawyer (2019-2020), and a *Martindale-Hubbell* AV® Preeminent™ peer-rated attorney (2014-present). Austin P. Van

Austin focuses his practice on high-profile securities class actions. In 2020, Austin was named by Law360 in 2020 as an MVP in Securities Litigation, part of an "elite slate of attorneys [who] have distinguished themselves from their peers by securing hard-earned successes in high-stakes litigation, complex global matters and record-breaking deals." Only up to six attorneys nationwide are selected each year as MVPs in Securities Litigation. Austin was name to Benchmark Litigations "40 and Under Hotlist" in 2020 and 2021. Austin has been recognized by Lawdragon as one of the top 500 Leading Plaintiff Financial Lawyers and has been named as a Recommended Lawyer by The Legal 500. Every year from 2018 through 2021, Austin has been honored as a Super Lawyers® Rising Star.

With Pomerantz Managing Partner Jeremy Lieberman, Austin heads the firm's representation of lead plaintiffs in a securities class action against drug behemoth Mylan N.V. This multi-billion-dollar litigation is one of the largest securities class actions pending anywhere. The complaint alleges that Mylan misled investors about wide-ranging wrongful conduct in what some estimate to be the largest price-fixing conspiracy in U.S. history. Austin devised the central theories of the case and authored all three amended complaints in this matter, which has continued to expand. He authored all of lead plaintiffs' three successful opposition briefs to defendants' motions to dismiss, in 2018, 2019, and 2020 respectively, as well as lead plaintiffs' successful arguments for class certification in 2019. In April 2020, the court rejected the Defendants' motion to dismiss the third amended complaint in a precedent-setting decision concerning scheme liability, and certified a class of investors spanning five years, all based on Austin's arguments. He led fact discovery in the matter, which consisted of review and distillation of millions of documents, orchestrated the Class's thirty fact depositions, and most recently, completed overseeing the Class's submission of five expert reports, totaling thousands of pages of expert disclosures.

Austin led Pomerantz's securities class action against TechnipFMC, an oil and gas services provider. He uncovered the theory of this case: that TechnipFMC massively overstated its net income in its initial registration statement due to its use of incorrect foreign exchange rates. Austin successfully argued at oral argument in 2018 that the Court should deny defendants' motion to dismiss the central claim in the matter. In 2019, Austin successfully argued lead plaintiff's motion for class certification. He led the class through complete preparations for trial. The case settled in 2020 for approximately \$20 million.

Austin led a successful securities class action at Pomerantz against Rockwell Medical, Inc. and served as co-lead counsel on the matter with another firm. Austin extensively investigated the facts of this case and drafted the operative complaint. At a pre-motion conference for Defendants' motion to dismiss, District Senior Judge Allyn R. Ross stated: "based on what I have reviewed, it is virtually inconceivable to me that the consolidated amended complaint could possibly be dismissed on a Rule 12(b)(6) motion or a Rule 9(b) motion" and that the proposed motion practice "would be a complete waste of time and resources of counsel, of the clients' money, and my time." Defendants declined even to move to dismiss the complaint and settled the case in 2019 for \$3.7 million—a highly favorable settlement for the Class.

Austin received a J.D. from Yale Law School, where he was an editor of the Yale Law Journal and the Yale Journal of International Law. He has a B.A. from Yale University and an M.Sc. from the London School of Economics.

Austin is admitted to practice law in New York and New Jersey; the United States District Courts for the Southern and Eastern Districts of New York, the District of New Jersey, the Northern District of Illinois, and the Southern District of Texas; and the United States Courts of Appeals for the First and Second Circuits.

Murielle Steven Walsh

Murielle Steven Walsh joined the Firm in 1998 and was elevated to Partner in 2007. In 2022, Murielle was selected to participate on Law360's Securities Editorial Board. She was named a 2020 Plaintiffs' Lawyer Trailblazer by the *National Law Journal*, an award created to "honor a handful of individuals from each practice area that are truly agents of change" and was also honored as a 2020 Plaintiffs'

Trailblazer by the *New York Law Journal*. Murielle was honored in 2019, 2020 and 2021 as a Super Lawyers® “Top-Rated Securities Litigation Attorney,” a recognition bestowed on 5% of eligible attorneys in the New York Metro area. Lawdragon name her a Top Plaintiffs’ Financial Lawyer in 2019 and 2020.

During her career at Pomerantz, Murielle has prosecuted highly successful securities class action and corporate governance cases. She was one of the lead attorneys litigating *In re Livent Noteholders’ Securities Litigation*, a securities class action in which she obtained a \$36 million judgment against the company’s top officers, a ruling which was upheld by the Second Circuit on appeal. Murielle was also part of the team litigating *EBC I v. Goldman Sachs*, where the Firm obtained a landmark ruling from the New York Court of Appeals, that underwriters may owe fiduciary duties to their issuer clients in the context of a firm-commitment underwriting of an initial public offering.

Murielle leads the Firm’s securities class action against Wynn Resorts Ltd., in which Pomerantz is lead counsel. The litigation arises from the company’s concealment of a long-running pattern of sexual misconduct against Wynn employees by billionaire casino mogul Stephen Wynn, the company’s founder and former Chief Executive Officer. In May 2020, the court granted the defendants’ motion to dismiss while granting Pomerantz leave to amend. In May 2020, the court granted the defendants’ motion to dismiss while granting Pomerantz leave to amend its complaint. The defendants moved to dismiss the newly amended complaint, but the court denied their motion in part, sustaining claims that arose from critical misstatements by the company. The case is now in discovery. *Ferris v. Wynn Resorts Ltd.*, No. 18-cv-479 (D. Nev.)

In a securities class action against Ormat Technologies, Inc., Murielle achieved a \$3,750,000 settlement on behalf of defrauded investors in January 2021. Ormat’s securities are dual-listed on the NYSE and the Tel Aviv Stock Exchange. Murielle persuaded the district court in exercise supplemental jurisdiction in order to apply U.S. securities law to the claims in the case, regardless of where investors purchased their securities.

Murielle led the Firm’s ground-breaking litigation that arose from the popular Pokémon Go game, in which Pomerantz was lead counsel. Pokémon Go is an “augmented reality” game in which players use their smart phones to “catch” Pokémon in real-world surroundings. GPS coordinates provided by defendants to gamers included directing the public to private property without the owners’ permission, amounting to an alleged mass nuisance. *In re Pokémon Go Nuisance*, No. 3:16-cv-04300 (N.D. Cal.)

Murielle was co-lead counsel in *Thorpe v. Walter Investment Management Corp.*, No. 14-cv-20880 (S.D. Fla.), a securities fraud class action challenging the defendants’ representations that their lending activities were regulatory-compliant, when in fact the company’s key subsidiary engaged in rampant violations of federal consumer financial protection laws, subjecting it to various government investigations and a pending enforcement action by the CFPB and FTC. In 2016, the Firm obtained a \$24 million settlement on behalf of the class. She was also co-lead counsel in *Robb v. Fitbit Inc.*, No. 16-cv-00151 (N.D. Cal.), a securities class action alleging that the defendants misrepresented that their key product delivered “highly accurate” heart rate readings when in fact their technology did not consistently deliver accurate readings during exercise and its inaccuracy posed serious health risks to users of Fitbit’s products. The Firm obtained a \$33 million settlement on behalf of the investor class in this action.

In 2018 Murielle, along with then-Senior Partner Jeremy Lieberman, achieved a \$3,300,000 settlement for the Class in the Firm's case against Corinthian Colleges, one of the largest for-profit college systems in the country, for alleged misrepresentations about its job placement rates, compliance with applicable regulations, and enrollment statistics. Pomerantz prevailed in the motion to dismiss the proceedings, a particularly noteworthy victory because Chief Judge George King of the Central District of California had dismissed two prior lawsuits against Corinthian with similar allegations. *Erickson v. Corinthian Colleges, Inc.*, No. 2:13-cv-07466 (C.D. Cal.).

Murielle serves as a member and on the Executive Committee of the Board of Trustees of the non-profit organization Court Appointed Special Advocates for Children ("CASA") of Monmouth County. She served on the Honorary Steering Committee of Equal Rights Advocates ("ERA"), which focuses on and discusses specific issues that women face in the legal profession. ERA is an organization that protects and expands economic and educational access and opportunities for women and girls. In the past, Murielle served as a member of the editorial board for Class Action Reports, a Solicitor for the Legal Aid Associates Campaign, and has been involved in political asylum work with the Association of the Bar of the City of New York.

Murielle serves on the Firm's Anti-Harassment and Discrimination Committee.

Murielle graduated *cum laude* from New York Law School in 1996, where she was the recipient of the Irving Mariash Scholarship. During law school, Murielle interned with the Kings County District Attorney and worked within the mergers and acquisitions group of Sullivan & Cromwell.

Murielle is admitted to practice in New York; the United States District Court for the Southern District of New York; and the United States Courts of Appeals for the Second and Sixth Circuits.

Tamar A. Weinrib

Tamar A. Weinrib joined Pomerantz in 2008. She was Of Counsel to the Firm from 2014 through 2018 and was elevated to Partner in 2019. In 2020, The Legal 500 honored her as a Next Generation Partner. Tamar was named a 2018 Rising Star under 40 years of age by Law360, a prestigious honor awarded to a select few "top litigators and dealmakers practicing at a level usually seen from veteran attorneys." Tamar has been recognized by Super Lawyers® as a 2021 "Top-Rated Securities Litigation Attorney;" she was honored as a New York Metro Rising Star every year from 2014 to 2019.

In 2019, Tamar and Managing Partner Jeremy Lieberman achieved a \$27 million settlement for the Class in *Strougo v. Barclays PLC*, a high-profile securities class action in which Pomerantz was Lead Counsel. Plaintiffs alleged that Barclays PLC misled institutional investor clients about the extent of the banking giant's use of so-called "dark pool" trading systems. This case turned on the duty of integrity owed by Barclays to its clients. In November 2016, Tamar and Jeremy achieved precedent-setting victories for investors, when the Second Circuit Court of Appeals held that direct evidence of price impact is not always necessary to demonstrate market efficiency to invoke the presumption of reliance, and that defendants seeking to rebut the presumption of reliance must do so by a preponderance of the evidence rather than merely meeting a burden of production. In 2018, Tamar successfully opposed Defendants' petition to the Supreme Court for a writ of certiorari.

In approving the settlement in *Strougo v. Barclays PLC* in June 2019, Judge Victor Marrero of the Southern District of New York stated:

Let me thank counsel on both sides for the extraordinary work both sides did in bringing this matter to a reasonable conclusion. As the parties have indicated, the matter was intensely litigated, but it was done in the most extraordinary fashion with cooperation, collaboration, and high levels of professionalism on both sides, so I thank you.

Tamar headed the litigation of *In re Delcath Systems, Inc. Securities Litigation*, in which Pomerantz achieved a settlement of \$8,500,000 for the class. She successfully argued before the Second Circuit in *In re China North East Petroleum Securities Litigation*, to reverse the district court's dismissal of the defendants on scienter grounds.

Among other securities fraud class actions that Tamar led to successful settlements are *KB Partners I, L.P. v. Pain Therapeutics, Inc.* (\$8,500,000); *New Oriental Education & Technology Group, Inc.* (\$3,150,000 pending final approval); and *Whiteley v. Zynerva Pharmaceuticals Inc. et al.* (\$4,000,000 pending final approval).

Before coming to Pomerantz, Tamar had over three years of experience as a litigation associate in the New York office of Clifford Chance US LLP, where she focused on complex commercial litigation. Tamar has successfully tried pro bono cases, including two criminal appeals and a housing dispute filed with the Human Rights Commission.

Tamar graduated from Fordham University School of Law in 2004 and while there, won awards for successfully competing in and coaching Moot Court competitions.

Tamar is admitted to practice in New York; the United States District Courts for the Southern and Eastern Districts of New York; and the United States Courts of Appeals for the Second, Third, Fourth, and Ninth Circuits.

Michael J. Wernke

Michael J. Wernke joined Pomerantz as Of Counsel in 2014 and was elevated to Partner in 2015. He was named a 2020 Plaintiffs' Lawyer Trailblazer by the *National Law Journal*, an award created to "honor a handful of individuals from each practice area that are truly agents of change."

Michael, along with Managing Partner Jeremy Lieberman, led the litigation in *Pirnik v. Fiat Chrysler Automobiles N.V. et al.*, No. 1:15-cv-07199-JMF (S.D.N.Y.), in which the Firm, as Lead Counsel, achieved a \$110 million settlement for the class. This high-profile securities class action alleges that Fiat Chrysler concealed from investors that it improperly outfitted its diesel vehicles with "defeat device" software designed to cheat NOx emissions regulations in the U.S. and Europe, and that regulators had accused Fiat Chrysler of violating the emissions regulations. The *Fiat Chrysler* recovery provides the class of investors with as much as 20% of recoverable damages—an excellent result when compared to historical statistics in class action settlements, where typical recoveries for cases of this size are between 1.6% and 3.3%.

Michael led the securities class action *Zwick Partners, LP v. Quorum Health Corp., et al.*, No. 3:16-cv-2475, achieving a settlement of \$18,000,000 for the class in June 2020. The settlement represented between 12.7% and 42.9% of estimated recoverable damages. Plaintiff alleged that defendants misrepresented to investors the poor prospects of hospitals that the parent company spun off into a stand-alone company. In defeating defendants' motions to dismiss the complaint, Michael successfully argued that company from which Quorum was spun off was a "maker" of the false statements even though all the alleged false statements concerned only Quorum's financials and the class involved only purchasers of Quorum's common stock. This was a tremendous victory for plaintiffs, as cases alleging false statements of goodwill notoriously struggle to survive motions to dismiss.

Along with Managing Partner Jeremy Lieberman, Michael leads the Firm's individual action against pharmaceutical giant Teva Pharmaceutical Industries Ltd. and Teva Pharmaceuticals USA, Inc. (together, "Teva"), and certain of Teva's current and former employees and officers, relating to alleged anticompetitive practices in Teva's sales of generic drugs. Teva is a dual-listed company; the Firm represents several Israeli institutional investors who purchased Teva shares on the Tel Aviv Stock Exchange. In early 2021, Pomerantz achieved a major victory for global investors when the district court agreed to exercise supplemental jurisdiction over the Israeli law claims. *Clal Insurance Company Ltd. v. Teva Pharmaceutical Industries Ltd.*

In December 2018, Michael, along with Pomerantz Managing Partner Jeremy A. Lieberman, secured a \$31 million partial settlement with three defendants in *In re Libor Based Financial Instruments Antitrust Litigation*, a closely watched multi-district litigation, which concerns the LIBOR rigging scandal.

In October 2018, Michael secured a \$15 million settlement in *In re Symbol Technologies, Inc. Securities Litigation*, No. 2:05-cv-03923-DRH-AKT (E.D.N.Y.), a securities class action that alleges that, following an accounting fraud by prior management, Symbol's management misled investors about state of its internal controls and the Company's ability to forecast revenues.

He was Lead Counsel in *Thomas v. Magnachip Semiconductor Corp.*, in which he achieved a \$23.5 million partial settlement with certain defendants, securing the settlement despite an ongoing investigation by the Securities and Exchange Commission and shareholder derivative actions. He played a leading role in *In re Lumber Liquidators, Inc. Securities Litigation*, in which Pomerantz, as Co-Lead Counsel, achieved a settlement of \$26 million in cash and 1,000,000 shares of Lumber Liquidators common stock for the Class. Michael also secured a \$7 million settlement (over 30% of the likely recoverable damages) in the securities class action *Todd v. STAAR Surgical Company, et. al.*, No. 14-cv-05263-MWF-RZ (C.D. Cal.), which alleged that STAAR concealed from investors violations of FDA regulations that threatened the approval of STAAR's long awaited new product.

In the securities class action *In re Atossa Genetics, Inc. Securities Litigation*, No. 13-cv-01836-RSM (W.D. Wash.), Michael secured a decision by the Ninth Circuit Court of Appeals that reversed the district court's dismissal of the complaint. The Ninth Circuit held that the CEO's public statements that the company's flagship product had been approved by the FDA were misleading despite the fact that the company's previously filed registration statement stated that that the product did not, at that time, require FDA approval.

During the nine years prior to coming to Pomerantz, Michael was a litigator with Cahill Gordon & Reindel LLP, with his primary focus in the securities defense arena, where he represented multinational

financial institutions and corporations, playing key roles in two of only a handful of securities class actions to go to jury verdict since the passage of the PSLRA.

In 2020 and 2021, Michael was honored as a Super Lawyers® “Top Rated Securities Litigation Attorney.” In 2014 and 2015, he was recognized as a Super Lawyers® New York Metro Rising Star.

Michael received his J.D. from Harvard Law School in 2004. He also holds a B.S. in Mathematics and a B.A. in Political Science from Ohio State University, where he graduated *summa cum laude*.

He serves on the Firm’s Anti-Harassment and Discrimination Committee.

Michael is admitted to practice in New York; the United States District Court for the Southern District of New York; and the United States Supreme Court.

Senior Counsel

Stanley M. Grossman

Stanley M. Grossman, Senior Counsel, is a former Managing Partner of Pomerantz. Widely recognized as a leader in the plaintiffs’ securities bar, he was honored in 2020 with a Lifetime Achievement award by the *New York Law Journal*. Martindale Hubbell awarded Stan its 2021 AV Preeminent Rating®, “given to attorneys who are ranked at the highest level of professional excellence for their legal expertise, communication skills, and ethical standards by their peers.” Stan was selected by *Super Lawyers*® as an outstanding attorney in the United States for the years 2006 through 2020 and was featured in the *New York Law Journal* article *Top Litigators in Securities Field -- A Who’s Who of City’s Leading Courtroom Combatants*. Lawdragon named Stan a Leading Plaintiff Financial Lawyer in 2019 and 2020, and in 2021, he was inducted into the Lawdragon Hall of Fame. In 2013, Brooklyn Law School honored Stan as an Alumnus of the Year.

Stan has primarily represented plaintiffs in securities and antitrust class actions, including many of those listed in the Firm biography. *See, e.g., Ross v. Bernhard*, 396 U.S. 531 (1970); *Rosenfeld v. Black*, 445 F.2d 137 (2d Cir. 1971); *Wool v. Tandem Computers, Inc.*, 818 F.2d 1433 (9th Cir. 1987); and *In re Salomon Bros. Treasury Litig.*, 9 F.3d 230 (2d Cir. 1993). In 2008 he appeared before the United States Supreme Court to argue that scheme liability is actionable under Section 10(b) and Rule 10b-5(a) and (c). *See StoneRidge Inv. Partners, LLC v. Sci.-Atlanta, Inc.*, No. 06-43 (2008). Other cases where he was the Lead or Co-Lead Counsel include: *In re Salomon Brothers Treasury Litigation*, No. 91 Civ. 5471 (S.D.N.Y. 1994) (\$100 million cash recovery); *In re First Executive Corporation Securities Litigation*, No. CV-89-7135 (C.D. Cal. 1994) (\$100 million settlement); and *In re Sorbates Direct Purchaser Antitrust Litigation*, No. C98-4886 (N.D. Cal. 2000) (over \$80 million settlement for the class).

In 1992, Senior Judge Milton Pollack of the Southern District of New York appointed Stan to the Executive Committee of counsel charged with allocating to claimants hundreds of millions of dollars obtained in settlements with Drexel Burnham & Co. and Michael Milken.

Many courts have acknowledged the high quality of legal representation provided to investors by Stan. In *Gartenberg v. Merrill Lynch Asset Management, Inc.*, No. 79 Civ. 3123 (S.D.N.Y.), where Stan was lead trial counsel for plaintiff, Judge Pollack noted at the completion of the trial:

[I] can fairly say, having remained abreast of the law on the factual and legal matters that have been presented, that I know of no case that has been better presented so as to give the Court an opportunity to reach a determination, for which the court thanks you.

Stan was also the lead trial attorney in *Rauch v. Bilzerian* (N.J. Super. Ct.) (directors owed the same duty of loyalty to preferred shareholders as common shareholders in a corporate takeover), where the court described the Pomerantz team as “exceptionally competent counsel.” He headed the six week trial on liability in *Walsh v. Northrop Grumman* (E.D.N.Y.) (a securities and ERISA class action arising from Northrop’s takeover of Grumman), after which a substantial settlement was reached.

Stan frequently speaks at law schools and professional organizations. In 2010, he was a panelist on *Securities Law: Primary Liability for Secondary Actors*, sponsored by the Federal Bar Council, and he presented *Silence Is Golden – Until It Is Deadly: The Fiduciary’s Duty to Disclose*, at the Institute of American and Talmudic Law. In 2009, Stan was a panelist on a Practising Law Institute “Hot Topic Briefing” entitled *StoneRidge - Is There Scheme Liability or Not?*

Stan served on former New York State Comptroller Carl McCall’s Advisory Committee for the NYSE Task Force on corporate governance. He is a former president of NASCAT. During his tenure at NASCAT, he represented the organization in meetings with the Chairman of the Securities and Exchange Commission and before members of Congress and of the Executive Branch concerning legislation that became the PSLRA.

Stan served for three years on the New York City Bar Association’s Committee on Ethics, as well as on the Association’s Judiciary Committee. He is actively involved in civic affairs. He headed a task force on behalf of the Association, which, after a wide-ranging investigation, made recommendations for the future of the City University of New York. He was formerly on the board of the Appleseed Foundation, a national public advocacy group.

Stan is admitted to practice in New York; the United States District Courts for the Southern and Eastern Districts of New York, Central District of California, Eastern District of Wisconsin, District of Arizona, District of Colorado; the United States Courts of Appeals for the First, Second, Third, Ninth and Eleventh Circuits; and the United States Supreme Court.

Patrick V. Dahlstrom

Patrick Dahlstrom joined Pomerantz as an associate in 1991 and was elevated to Partner in January 1996. He served as Co-Managing Partner with Jeremy Lieberman in 2017 and 2018 and is now Senior Counsel. Patrick heads the Firm’s Chicago office. He was honored as a Super Lawyers® “Top-Rated Securities Litigation Attorney” from 2018 – 2021. In 2021, Patrick was inducted into the Lawdragon Hall of Fame.

Patrick, a member of the Firm’s Institutional Investor Practice and New Case Groups, has extensive experience litigating cases under the PSLRA. He led *In re Comverse Technology, Inc. Securities Litigation*, No. 06-CV-1825 (E.D.N.Y.), in which the Firm, as Lead Counsel, recovered a \$225 million settlement for the Class – the second-highest ever for a case involving back-dating options, and one of the largest recoveries ever from an individual officer-defendant, the company’s founder and former CEO. In *Comverse*, the Firm obtained an important clarification of how courts calculate the “largest financial interest” in connection with the selection of a Lead Plaintiff, in a manner consistent with *Dura Pharmaceuticals, Inc. v. Broudo*, 544 U.S. 336 (2005). Judge Garaufis, in approving the settlement, lauded Pomerantz: “The court also notes that, throughout this litigation, it has been impressed by Lead Counsel’s acumen and diligence. The briefing has been thorough, clear, and convincing, and ... Lead Counsel has not taken short cuts or relaxed its efforts at any stage of the litigation.”

In *DeMarco v. Robertson Stephens Inc.*, 228 F.R.D. 468 (S.D.N.Y. 2005), Patrick obtained the first class certification in a federal securities case involving fraud by analysts.

Patrick's extensive experience in litigation under the PSLRA has made him an expert not only at making compelling arguments on behalf of Pomerantz' clients for Lead Plaintiff status, but also in discerning weaknesses of competing candidates. *In re American Italian Pasta Co. Securities Litigation* and *Comverse* are the most recent examples of his success in getting our clients appointed sole Lead Plaintiff despite competing motions by numerous impressive institutional clients.

Patrick was a member of the trial team in *In re ICN/Viratek Securities Litigation* (S.D.N.Y. 1997), which, after trial, settled for \$14.5 million. Judge Wood praised the trial team: "[P]laintiffs counsel did a superb job here on behalf of the class. ...This was a very hard fought case. You had very able, superb opponents, and they put you to your task. ...The trial work was beautifully done and I believe very efficiently done."

Patrick's speaking engagements include interviews by NBC and the CBC regarding securities class actions, and among others, a presentation at the November 2009 State Association of County Retirement Systems Fall Conference as the featured speaker at the Board Chair/Vice Chair Session entitled: "Cleaning Up After the 100 Year Storm. How trustees can protect assets and recover losses following the burst of the housing and financial bubbles."

Patrick is a 1987 graduate of the Washington College of Law at American University in Washington, D.C., where he was a Dean's Fellow, Editor in Chief of the *Administrative Law Journal*, a member of the Moot Court Board representing Washington College of Law in the New York County Bar Association's Antitrust Moot Court Competition, and a member of the Vietnam Veterans of America Legal Services/Public Interest Law Clinic. Upon graduating, Patrick served as the Pro Se Staff Attorney for the United States District Court for the Eastern District of New York and was a law clerk to the Honorable Joan M. Azrack, United States Magistrate Judge.

Patrick is admitted to practice in New York and Illinois; the United States District Courts for the Southern and Eastern Districts of New York, Northern District of Illinois, Northern District of Indiana, Eastern District of Wisconsin, District of Colorado, and Western District of Pennsylvania; the United States Courts of Appeals for the First, Fourth, Sixth, Seventh, Eighth, and Ninth Circuits; and the United States Supreme Court.

Jennifer Banner Sobers

Jennifer Banner Sobers is Of Counsel to the Firm.

In 2021, Jennifer was honored as a Super Lawyers® "Top-Rated Securities Litigation Attorney". She was also named a 2020 Rising Star by Super Lawyers®, Law360, and the *New York Law Journal*, all separate and highly competitive awards that honor attorneys under 40 whose legal accomplishments transcend their age. After a rigorous nomination and vetting process, Jennifer was honored in 2019 and 2020 as a member of the National Black Lawyers Top 100, an elite network of the top 100 African American attorneys from each state.

Jennifer played an integral role on the team litigating *In re Petrobras Securities Litigation*, in the Southern District of New York, a securities class action arising from a multi-billion-dollar kickback and bribery scheme involving Brazil's largest oil company, Petróleo Brasileiro S.A. - Petrobras. The Firm, as sole Lead Counsel, achieved a historic \$3 billion settlement on behalf of investors in Petrobras securities. Among Jennifer's contributions to the team's success were: managing the entire third-party discovery in the United States, which resulted in the discovery of key documents and witnesses; deposing several underwriter bank witnesses; drafting portions of Plaintiffs' amended complaints that withstood motions to dismiss the claims and Plaintiffs' successful opposition to Defendants' appeal in the Second Circuit, which resulted in precedential rulings, including the Court rejecting the heightened ascertainability requirement for obtaining class certification that had been imposed by other circuit courts; and second chaired argument in the Second Circuit that successfully led to the Court upholding the award of sanctions against a professional objector challenging the integrity of the settlement.

Jennifer played a leading role in *In re Toronto-Dominion Bank Securities Litigation*, an action in the District of New Jersey alleging a multi-year fraud arising from underlying retail banking misconduct by one of Canada's largest banks that was revealed by investigative news reports. Jennifer undertook

significant work drafting the briefing to oppose Defendants' motion to dismiss the claims, which the Court denied. She oversaw the discovery in the action, which included, among other things, heading the complicated process of obtaining documents in Canada and being a principal drafter of the motion to partially lift the PSLRA stay in order to obtain discovery. Jennifer successfully presented oral argument which led to the Court approval of a \$13.25 million class-wide settlement.

U.S. District Judge Noel L. Hillman, in approving the *Toronto-Dominion Bank* settlement, stated, "I commend counsel on both sides for their hard work, their very comprehensive and thoughtful submissions during the motion practice aspect of this case. I paused on it because it was a hard case. I paused on it because the lawyering was so good. So, I appreciate from both sides your efforts." He added, "It's clear to me that this was comprehensive, extensive, thoughtful, meaningful litigation leading up to the settlement." Singling out Pomerantz's role as lead counsel, the judge also said, "This settlement appears to have been obtained through the hard work of the Pomerantz firm... It was through their efforts and not piggybacking on any other work that resulted in this settlement."

Jennifer was a key member of the team litigating individual securities actions against BP p.l.c. in the Northern District of Texas on behalf of institutional investors in BP p.l.c. to recover losses in BP's common stock (which trades on the London Stock Exchange), arising from BP's 2010 Gulf oil spill. The actions were resolved in 2021 in a confidential, favorable monetary settlement for all 35 Firm clients.

Jennifer is a lead litigator in *Crutchfield v. Match Group, Inc.*, pending. Jennifer is also a key member of the litigation teams of other nationwide securities class action cases, including: *In re Ubiquiti Networks, Inc. Sec. Litig.*, an action in the Southern District of New York, for which Jennifer was one of the principal drafters of the amended complaint—the strength of which led the Court to deny permission to the defendants to file a formal motion to dismiss it—which secured a court-approved \$15 million class-wide settlement; *In re KaloBios Pharmaceuticals Inc. Securities Litigation*, an action in the Northern District of California, which successfully secured settlements from the bankrupt company and its jailed CEO worth over \$3.25 million for the Class that were approved by the Court as well as the bankruptcy court; *Perez v. Higher One Holdings, Inc.*, an action in the District of Connecticut, for which Jennifer was one of the principal drafters of the successful opposition to Defendants' motion to dismiss, and which secured a court-approved \$7.5 million class-wide settlement; *Edwards v. McDermott Int'l, Inc.* pending in the Southern District of Texas; *Chun v. Fluor Corp.* pending in the Northern District of Texas; and *Kendall v. Odonate Therapeutics, Inc.*, pending in the Southern District of California.

Prior to joining Pomerantz, Jennifer was an associate with a prominent law firm in New York where her practice focused on complex commercial litigation, including securities law and accountants' liability. An advocate of pro bono representation, Jennifer earned the Empire State Counsel honorary designation from the New York State Bar Association and received an award from New York Lawyers for the Public Interest for her pro bono work.

Jennifer received her B.A. from Harvard University (with honors), where she was on the Dean's List, a Ron Brown Scholar, and a recipient of the Harvard College Scholarship. She received her J.D. from University of Virginia School of Law where she was a participant in the Lile Moot Court Competition and was recognized for her pro bono service.

She is a member of the Securities Litigation and Public Service Committees of the Federal Bar Council, and the New York City Bar Association.
